President Truman To Make Address To Congress Wednesday

New U. S. Foreign Policy Likely To Be Announced

Joint Session Of House And Senate To Hear President's Address

SPECULATION ON AIM OF MESSAGE

By JOHN A. REICHMANN
(U. S. Staff Correspondent)
WASHINGTON, March 16.—President Truman is expected to tell Congress tomorrow that the United States will bluntly warn Russia that further Communist aggression will bring strong American military or political counter measures.

Washington observers expect Mr. Truman to outline a stern new foreign policy program in his address to a joint session of the House and Senate.

Has Long Conference
A White House announcement today that the president held a long conference last night with Secretary of Defense Forrestal lent support to this belief.

Forrestal reported to Mr. Truman on results of the week-end conference of the joint chiefs of staff at Key West, Fla., in which differences between military, air and naval leaders were thrashed out and a coordinated plan of action agreed upon.

White House Secretary Charles Ross, in announcing the Truman-Forrestal talk, said that Mr. Truman's decision to go before Congress was not keyed to any one development in Europe.

Ross refused to say whether the president's address will deal with military matters, including preparations to reactivate the draft.

Has Planned Statement
Meanwhile, it was learned on reliable authority that Mr. Truman has been planning for some time to make a foreign policy statement to Congress, emphasizing the urgent need for immediate approval of the European recovery program.

It was further said that the president will ask enactment of ERP (Continued on Page Two)

Narrowly Escapes Viaduct Plunge

Approximately 30 feet of the railing of the Mahoning avenue viaduct was torn out and an auto almost plunged over the edge in an accident at 9:45 p. m. Monday. The only thing that prevented the car, operated by William S. Ford of 211 Newell avenue, from plunging over the railing was catching of the chassis of the car on the sidewalk. Ford was injured and is in the Jameson Memorial hospital. According to police, Ford was driving west across the viaduct, and apparently lost control of the car.

See Chaos In Holy Land Without Armed Forces

LAKE SUCCESS, N. Y., March 16.—The United Nations Palestine commission today warned of impending chaos in the Holy Land unless an armed force is sent there when the British mandate ends May 15.

This grim forecast of increasing bloodshed was contained in the commission's monthly report to the Security Council at Lake Success. The commission minced no words in attributing much of the Palestine strife to Britain's refusal to cooperate in the U. N. partition plan.

The report was handed to the Security Council only a day before the 11-nation body tackles the vital question of alleged Russian intervention in Czechoslovakia.

Confronted with two such explosive, observers at Lake Success are of the opinion that the U. N. is in its most fateful week. It was further said that the president will ask enactment of ERP (Continued on Page Two)

C.I.O. Packing House Workers Out On Strike

Approximately 100,000 Walk Off Jobs In Nation This Morning

FAIL TO HEED TRUMAN'S PLEA

(BULLETIN)
CHICAGO, March 16.—(INS)—Half of the nation's meat production stopped today as 100,000 C.I.O. packinghouse workers struck for higher wages. Approximately 140 plants were shut down when the workers walked off their jobs at 12:01 o'clock this morning in defiance of President Truman's plea to postpone the paralyzing tie-up.

CHICAGO, March 16.—(INS)—One hundred thousand CIO packinghouse workers who handle about half the nation's meat production struck today for higher wages.

The men walked off their jobs at the 12:01 A. M. deadline at more than 100 plants despite President Truman's last-minute plea to halt a paralyzing tie-up in the nation's meat industry.

Forty minutes after the strike began at Chicago, pickets formed a line at the main entrance to the spacious Union stockyards under the watchful eyes of Chicago police. Others joined the line as the morning passed.

Will Cut Supplies
CIO officials claimed the walk-out would cut supplies "by at least 50 per cent" but the big meat packers and the AFL meat cutters estimated only a 25 per cent drop.

Meanwhile, truckers continued to deliver livestock for slaughter as police issued orders the drivers be allowed entrance to the yards "if they wish."

Early picketing was peaceful. Truckers were greeted with shouts from the pickets to "keep going" but the line broke when the huge tractor-trailers turned in the entrance.

Chicago police were alerted for possible trouble later in the day when the first shift was due to report. None of the 25,000 Chicago workers was scheduled for work between midnight and 7 a. m.

Officials of the striking union, the CIO United Packinghouse Workers, said the walkout would be a nationwide affecting 75,000 workers in meat packing plants outside Chicago.

Industry spokesmen declared the effects of the strike would be felt this week end by consumers. Some industry spokesmen predicted meat supplies would be cut in half within a short time.

House Committee Kills Bills Seeking Oleo Tax Repeal

(BULLETIN)
WASHINGTON, March 16.—(INS)—The House Agriculture committee, by a vote of 16 to 10, today killed all bills seeking repeal of Federal taxes on oleomargarine.

The action was taken on a motion by Rep. August H. Andresen (R. Minn.).

The motion requested that all 19 bills be tabled. Technically, they are still subject to reconsideration, but this was considered highly unlikely in view of the preponderant vote for the motion.

The vote came after extensive public hearings at which the Federal taxes on margarine were vigorously discussed by proponents and opponents.

Marshall Plan Conferees Await Move By Truman

PARIS, March 16.—(INS)—Marshall Plan conference circles in Paris speculated today that President Truman in his address to Congress tomorrow may ask that United States military guarantees be extended to western Europe.

These quarters buzzed with conjectures that the President may ask such a guarantee for the signatories of the Five-Power Pact establishing a western European union or perhaps all 16 nations participating in the Marshall Plan.

Messner Appointed As Acting Secretary Of Revenue Bureau

HARRISBURG, March 16.—(INS)—Gov. James H. Duff today accepted the resignation of David W. Harris as revenue secretary and appointed Harris' deputy, Otto Messner, of Lancaster, as acting secretary.

Harris resigned effective yesterday in order to accept a position on the Philadelphia Tax Revision board. The governor received his official letter of resignation when he arrived at the state capitol this morning.

Declares Truman To Act Firmly In New Coal Strike

Federal Intervention Imperative Declares High Government Official

(BULLETIN)
WASHINGTON, March 16.—(INS)—President Truman and his top aides studied the spreading new coal strike today with a view to government action to end the walkout.

Charles G. Ross, presidential press secretary, said the situation is "under study and observation" at the White House but no moves have yet been taken.

By PHILLIPS J. PECK
(U. S. Staff Correspondent)
WASHINGTON, March 16.—A high government official said today that President Truman will get "just as firmly" with the spreading new coal strike as he did in his legal battle with John L. Lewis a year ago.

The official said the current walkout "will be a little harder to get at" but warned the critical international situation makes Federal intervention imperative.

May Cut Production
U. S. Steel indicated that it may have to cut production vital both to American security and European recovery if the strike lasts 10 days.

Meantime, soft coal operators are scheduled to tell their side of the pension plan dispute which already has sent more than half the nation's 400,000 bituminous miners into idleness.

With the strike expected soon to be total, Ezra Van Horn, of Cleveland, planned a news conference (Continued on Page Two)

Believe Girl Is Being Held By Kidnaper

CONCORD, Vt., March 16.—(INS)—Police along the north Atlantic States pushed a search for a 16-year-old school girl believed to have been kidnapped by an ex-con.

Charlotte O'Brien, a school girl, was reported by her parents to have been forced at gunpoint to accompany Kenneth A. Ingalls, 34, who they described as a lumberjack and former prison inmate.

Mr. and Mrs. Charles O'Brien, the parents, said their daughter accompanied Ingalls because she lived in fear of her alleged abductor and further feared refusal would mean death to her parents.

The mother said Ingalls, a jealous admirer of the girl, had threatened Charlotte within the last two weeks.

Former Ziegfeld Follies Girl In Race For Mayor

MILWAUKEE, March 16.—(INS)—A former Ziegfeld Follies girl staked her political future against 14 other mayoralty candidates as Milwaukee voters go to the polls today in a spring primary election.

The lone feminine mayoralty candidate is Mrs. Ruth Foster Froemming, who was glorified by Flo Ziegfeld in 1919 as the "Barcarole Girl."

Mrs. Froemming, the blonde mother of four children and recently a resident of Marion, Ind., is the wife of Maj. Paul G. Froemming of the Veterans Administrations. She is running for mayor on a platform of "brains have no sex."

Among her opponents are Daniel W. Hoan, former Socialist mayor of Milwaukee for 24 years, and Milwaukee County Sheriff George Hanley.

The one-time beauty queen expects to outrun her masculine opponents in today's primary. Even second place in the primary would give her a chance to run and possibly win in the election April 6.

Mrs. Froemming is no novice at a political campaigning. She served as piano accompanist in the late Carl Zeidler's successful "God Bless America" singing campaign for mayor in 1940 and has a wide knowledge of political campaigning.

High Waters Deter County Bridge Job

Contractor Abandons Bridge Construction Until Slippery Rock Creek Tames Down

Work of constructing the new bridge over the Slippery Rock Creek in Wayne and Perry townships in the vicinity of the Heinz Camp has been temporarily abandoned until the swirling Slippery Rock is in a more peaceful condition.

The contractor for the job, H. T. Osburn and Company, Inc., of Franklin, Pa., got an early start on the job even while ice stood on the creek. Much preliminary work, including the building of the coffer-dams had been done indicating an early completion of the structure.

High waters brought on by the early thaw about two weeks ago practically wiped out all evidence of the construction even pushing some of the firm's machinery down the creek. The loss to the contractor is considerable not only in time but in materials.

No further work will be done on the bridge construction until all the announced today. The bridge has been out for about three years, having been collapsed by a heavy truck which attempted to traverse it. Farmers of the area have been making a wide detour to get to their destination.

Auto Fires Keep Department Busy

Three Auto Fires Occur Last Night And This Morning Summoning Firemen

Three auto fires and a false alarm were reported overnight by Fire Chief James E. Thomas, along with a grass fire.

At 9:22 o'clock this morning, an alarm from box 12, called firemen to Grant and Elm street, where a short in the wiring of a truck driven by S. Fare, of 2023 South avenue, Youngstown, burned the insulation off the wiring around the engine.

At 8:10 p. m. Monday, a still alarm called firemen to East Washington street, where gasoline leaking from the carburetor, ignited. It had been extinguished when firemen arrived. Damage of around \$50 was caused.

At 6:15 p. m. Monday, a child called firemen to Division street with a telephone alarm, stating that the house was afire. Firemen were unable to find any fire.

At 5:37 p. m. Monday, George Britton, of 515 Bell avenue, Ellwood City, discovered his car had developed a short in the wiring, and pulled box 112 at Mercer and South street. The box stuck and went several rounds, calling six companies out. Damage of around \$5 occurred.

Fourth ward firemen were called to Division and Mable street at 2:08 p. m. Monday for a grass fire.

Seek Release Of Meyers From Jail

Attorneys To Ask Release Pending Action On His Appeal

WASHINGTON, March 16.—(INS)—Maj. Gen. Bennett Meyers launched an attempt today to get himself out of jail—for a while, at least.

The imprisoned officer's lawyers put the finishing touches on a motion asking the U. S. court of appeals to free their client on bail pending a hearing on his appeal.

They are expected to file the bail motion sometime today. A notice of appeal already has been filed.

Meyers was sentenced to 20 months to five years in prison Monday after being found guilty of inducing his former associate, Bleriot Lamare, to lie to a senate subcommittee.

He spent the first night of the sentence in the District of Columbia jail.

The once proud deputy chief of AAF procurement was led handcuffed from the courtroom after the sentencing and later was loaded into a van with 24 other prisoners and taken to the jail.

The van trip marked the end of the trail which began back in 1939 when Meyers set up a little corporation called Aviation Electric Corp. in Dayton, O., which later got one and one-half million dollars in war contracts.

Report Russia Offering Grain

WASHINGTON, March 16.—(INS)—A House committee reported today that Russia has thrown a powerful new weapon—the world's largest grain crop—into the struggle for control of Western Europe.

The use of this potent weapon in the clash of opposing ideologies is causing considerable concern in administration circles.

Undersecretary of Agriculture Daddis admitted that "it is complicating the situation very much."

Daddis in effect told a House Appropriations subcommittee, in closed-door testimony made public today, that the Russians are offering the non-Communist European states more wheat than the United States is giving them.

He stated that the Soviet Union has offered "to enter into negotiations" with Western European nations "for wheat in amounts larger than we have in sight at the present time." He added that "it is complicating the situation very much."

Thousands More Join Walkout In Soft Coal Fields

Complete Shutdown Of Bituminous Coal Industry May Develop

MORE THAN 250,000 ARE ALREADY ON STRIKE

By JIMMY JORDAN
(U. S. Staff Correspondent)

PITTSBURGH, March 16.—The nation's bituminous coal industry moved toward a complete shutdown today as more thousands of miners laid down their tools in protest strikes.

The number of idle, already past the 250,000 mark, continued to swell hourly as members of John L. Lewis' United Mine Workers used the strike weapon to enforce their demands for \$100 a month pension plan.

President-Elects To Act
The rapidly-growing rolls of idle miners came in the face of rumors from Washington that President Truman might invoke the Taft-Hartley Act to forestall disruption of the nation's tremendous production effort of the past eight months.

It was less than a year ago that the President stepped into a similar coal strike picture and forced a showdown with Lewis.

As more thousands of miners laid down their tools, the steel industry, in particular, cast anxious eyes toward depleted stockpiles of coal.

All mines affiliated with the United States Steel Corp., were idle today, and all the firm's bee-hive coke ovens were down. The one corporation alone faced a daily production loss of 80,000 tons of coking coal as 16,400 miners in Pennsylvania, West Virginia and Kentucky walked off their jobs.

All mines of Jones & Laughlin Steel Corp., also were idle, with that company facing production setbacks soon less the strike ends quickly.

Idle In Many States
There were 70,000 idle in West Virginia, 45,000 in Kentucky, nearly 50,000 in western Pennsylvania and 8,000 in central Pennsylvania, virtually all of Illinois' 24,000 miners went out, 13,000 were idle in Alabama, and 9,000 in Virginia, Ohio, Indiana, Tennessee, Utah, Wyoming and Colorado reported smaller numbers idle.

It appeared most probable the (Continued on Page Two)

French Premier Is Optimistic

Brighten Economic
Picture Presented

PARIS, March 16.—(INS)—Premier Robert Schuman painted an optimistic picture of France's industrial recovery today and predicted further gains under the Marshall Plan.

The middle-of-the-road French leader said that France would be able to overcome its dollar shortage through April, pending approval of the Marshall Plan in the United States.

Schuman attributed France's brighter economic situation to the following factors:

1. A resumption of exports.
2. American interim aid.
3. The repatriation of French assets abroad.
4. Governmental purchases of dollars in the newly created free market.

The French premier told a news conference that the nation's industrial index had risen 105 per cent as compared to 1938.

THOUSANDS MORE JOIN WALKOUT IN SOFT COAL FIELDS

(Continued from Page One)

entire industry would grind to a standstill by nightfall, despite possibility of federal intervention.

Rumors from Washington hinted President Truman would step into the strike picture to prevent the action from paralyzing other industries, and imperiling the tremendous production effort of the past eight months in the United States.

Expect Rest To Quit

There seemed little doubt that the remaining 150,000 soft coal diggers would leave the pits before the day ended.

The walkout of members of John L. Lewis' United Mine Workers started slowly Sunday night, gained headway Monday morning, and then snowballed into a nationwide shutdown during the day.

Production losses yesterday, alone, were estimated at more than half a million tons.

The strike stemmed from public statements by Lewis last Friday that the UMW contract, executed last July 8, had been "dishonored" and "defaulted" by the operators, who thus far have not put into action a pension plan for miners over 60, who have had 20 years of service in the pits.

Deaths Of The Day

Mrs. Rebecca E. Powers

Mrs. Rebecca E. Powers, aged 78 years, widow of S. W. Powers, 729 Court street, died at her home Monday at 2 p. m. following an illness.

Mrs. Powers was born in Mercer county December 20, 1869, daughter of James and Jane McCutcheon Blair. She lived here for 45 years and was married on January 1, 1888. She was a member of the First U. P. church.

Her children survive: two sons, Attorney John S. Powers, this city; Joseph B. Powers of Monsey, N. Y.; four daughters, Mrs. Margaret Tucker, this city; Mrs. Ruth Freeman of Mentor, O.; Mrs. Eunice Boston of Painesville, O.; and Mrs. Esther Webster of Mentor, O.

She leaves a brother, John J. Blair, Yukon, Okla., and three grandchildren.

A grandson died March 9, 1948. Funeral services will be conducted Thursday at 2:30 p. m. from the Offutt funeral home, Dr. R. L. Lanning of Noblesburg, Pa., officiating. Burial will be in Oak Park cemetery. Friends may call tonight 7 to 9 o'clock at the funeral home and Wednesday 2 to 4 and 7 to 9 p. m.

Mrs. Reno Funeral

Funeral services for Mrs. C. B. Reno, Wampum, were conducted Monday afternoon at 2:30 o'clock from the Marshall funeral home with Rev. J. Henry Thorhauser officiating.

Carl Jameson, Louis Hasely, Ralph Watt, Harold Marshall, Roy and Russell Murphy served as pallbearers.

Interment took place in Harmony Baptist cemetery.

ence to answer Lewis' charges that touched off the mine shutdown.

The UMW president last Friday accused the operators of "defaulting" on the existing mine contract by refusing to accede to his demand for a \$100 a month pension for miners aged 60 with 20 years service.

Mines started closing Monday. Van Horn is the operators' trustee on the twenty-nine million dollar welfare fund out of which Lewis wants the pensions paid. Until now, Van Horn has been silent on the operators' position in the controversy.

Thomas Murray, of New York, the neutral member of the board of trustees which includes Lewis, resigned a few weeks ago with a blast at both his colleagues for stubbornness.

Union Seniors To Present Play

'Bachelor's Wife' Is Choice Of
Three-Act Comedy At Union
High Thursday, 8 P. M.

"Bachelor's Wife", a three act comedy, by Conrad Seiler, will be presented Thursday evening, March 18, at 8 o'clock, in the Union High school auditorium. The seniors of the school will be performers.

The story is centered around a young bachelor in California who has literary ambitions. He has been unable to sell any of his manuscripts, but manages to secure money from his rich father, with the tale that he has a wife and child. When the bachelor learns that his father is coming to visit him in California he finds that he has a problem on his hands.

Succeeding events and the hilarious climax all add to an evening of fine entertainment to those who plan to attend. But as usual, all ends well.

Harlansburg Class Will Repeat Play

Harlansburg junior class will give a repeat performance of their class play, "Strained Relations" in the Plaingrove high school Thursday evening, March 18, at 8 o'clock. The play was first presented March 5 in the Liberty grange hall to a capacity audience and was well received.

Each role of the play gave ample opportunity for ambitious young actors and actresses to exhibit their abilities in character portrayals and the cast chosen proved themselves to be quite capable.

The cast follows: Harriet Gay, Gertrude Myers; Egbert Gay, Wendell McKissick; William Gay, Joe Mariotti; Nancy Gay, Jessie McCracken; Keith Willard, William Barkschat; Fred Northrop, Norman Hunt; Pearl Stout, Marjorie Johnson; Clarence Bugg, Donna Sickafuse; Stella Hayes, Marian Snee; Rita Lopez, Doris Strawhecker; Helen Wills, Esther Mallinak; Spike Dugan, Russell Stoughton.

The production is directed by Mrs. Esther Eaken and the music is furnished by the high school orchestra.

Youngstown Man Who Killed Wife Dies As Suicide

YOUNGSTOWN, O., March 16.—Lee Jones, 28-year-old veteran who murdered his wife, Helen, 24, in their apartment last Friday night and then turned his pistol on himself, died Monday in a Youngstown hospital. The single bullet he fired into his chest nipped his heart.

The shooting, which failed to awaken the couple two children, asleep in a room adjoining Mr. and Mrs. Jones' bedroom, was the culmination of a series of domestic quarrels, police said.

When police, called by neighbors, arrived at the scene they found the nude body of Mrs. Jones on the bed and the body of her husband on the floor.

Plan Services For Mrs. W. Waddington

Funeral services for the late Mrs. William H. Waddington, a former resident of this city, will be held on Wednesday afternoon at 2 o'clock at the Loyal Young funeral home in New Brighton, with interment in Grove cemetery in that city.

Mrs. Waddington, who with her husband recently celebrated their golden wedding anniversary, died Monday morning at her residence following a 14-week illness.

Most animals, birds and fish can see colors, although not as perfectly as human beings.

Pa Newc Observes

had shot a twenty two calibre bullet at the lamp and apparently a piece of casing had gone with it. A piece of the casing remained in the lamp.

Billy Gustafson, genial pressman of The News, states that he has snowdrops in bloom at his home on the Pulaski road. They are the first flowers of the spring season to come into bloom as a rule, and Mr. Gustafson has some of the earliest ones apparently.

A few scattered raindrops which fell early yesterday afternoon made cars which were outside look like someone had splattered them with mortar. Evidently there was a lot of white dust in the upper atmosphere, which the winds had picked up somewhere which the raindrops picked up on their way through. This is the second occurrence which Pa Newc has noted in recent weeks.

Pa Newc: Seeing in your column where people have seen robins, I saw two robins three weeks ago and see them every day. Last week, I saw a frog at my spring and today saw eight bluebirds, so I think that's a good sign of spring. Mrs. Robert McWilliams, R. D. 6, New Castle (Rose Point Bridge).

While most chicken-raiser are bragging of the large size eggs their chickens lay, Pa Newc has one of diminutive size. The hen egg, from John Long farm in North Beaver township, measures one and an eighth inches long.

At least one Pa Newc believes spring is here. A wren that makes its nest in the same birdhouse year after year, was spring house cleaning this morning. She was carrying out the old twigs. The birdhouse is located in this Pa Newc's backyard.

NEW U. S. FOREIGN POLICY LIKELY TO BE ANNOUNCED

(Continued from Page One)

by April 1 as a vital instrument for bolstering strength of western European democracies against the increasing pressures of Communism.

Official quarters said that Mr. Truman, after determining to make a major foreign policy statement in his New York address tomorrow night before the Friendly Sons of St. Patrick, decided that he should first acquaint Congress and the American people with the situation.

Mr. Truman's program outlined at the joint session will be carried to the people by radio.

Program May Include

This historic program may call for:

1. Revival of Selective Service and enactment of Universal Military Training.
2. Building up and deploying mobile air force which can meet aggression at its source quickly and effectively.
3. Authority for supporting any defensive military alliance of the western European states along the lines established for Britain, France, Belgium, Netherlands and Luxembourg.
4. Keeping a close tabulation on the nation's manpower and industrial strength so as to convert them easily to wartime production.
5. Continuation of a non-partisan foreign policy because it is the nation as a whole that is threatened.
6. Speedy passage of the Marshall plan.

Mr. Truman will appear personally before a joint session of the House and Senate to make his address at 12:30 p. m. EST. The speech will be broadcast by all major networks and televised by NBC.

John E. Ritchie Chooses U. S. Navy

Chief Machinist's Mate S. E. Bond of the New Castle Navy Recruiting Station announces the enlistment in the U. S. Navy of John Edison Ritchie, son of Mr. and Mrs. J. Ritchie of 743 Croton avenue of this city. Ritchie has been transferred to the Great Lakes Naval Training Center, Ill., for a twelve week recruit training period.

Wachtman Speaks At PMTA Dinner

Presents G.N.C.A. Suggested Plan
For Traffic And Zoning In
Downtown New Castle

Speaking before the Lawrence County Chapter Pennsylvania Motor Truck Association members Monday night in the Castleton, J. C. Wachtman, executive vice president of the Greater New Castle Association outlined a proposed traffic and zoning plan for downtown New Castle.

The plan would anticipate future expansion of the downtown area, and would provide for the immediate necessities of traffic. One suggestion made was that a competent survey engineer be brought into New Castle for the

purpose of making a survey of conditions.

Final plans for the Ladies Night dinner to be held Saturday night were completed. The dinner will be held in the Cathedral at 6:30 with the doors opening at six o'clock. "Colonel" Jack Major of Paducah, Ky., will be the speaker with a one-hour program of entertainment planned.

FAITH NOT ONCE BUT ALWAYS

We are very proud of the fact that 90% of our funeral work, is by the request of those who heed our kind of service, and we might say the other 10% are friends of those whom we have served. It has always been our custom, and always will be, that there is no one soliciting business for our establishment. We will admit the fact that we receive calls, where some of the people we have worked for, have recommended us to their friends.

Don't forget to attend the Concert given by the Notre Dame Band, and sponsored by the United Commercial Travelers of New Castle, at the Cathedral, Monday, March 29, at 9 p. m. Tickets may be purchased at Donati's Music Store.

and CLUBSPlan Golden Wedding Reception
For Mr. And Mrs. W. H. Johnson

Mr. and Mrs. William H. Johnson of 603 Highland avenue will observe their golden wedding anniversary on Sunday, March 21, with open house in the home of their daughter and son-in-law, Mr. and Mrs. Alexander G. Mathieson, 202 Boyles avenue.

Hours for the open house reception for relatives, neighbors and friends will be 2 to 4 o'clock in the afternoon and 7 to 9 in the evening. Receiving with the guests of honor at the open house will be Mr. and Mrs. Mathieson and Mr. and Mrs. Wilbur E. Johnson of Ben Avon Heights, Pittsburgh. Mrs. Mathieson and Mr. Johnson are the couple's two children.

Mr. Johnson, after 17 years' employment in the tin mill, was for many years engaged in the gro-

cery business here on East Washington street and is now associated in business with his son in the investment firm of Johnson and Johnson of Pittsburgh.

He is a native of New Castle, being a son of the late Mr. and Mrs. E. J. Johnson, pioneer residents of the city. Mrs. Johnson, although born in England, the daughter of Mr. and Mrs. Richard Cravshaw, came here during her childhood and has lived here ever since.

On March 21, 1898, the couple were married here in the Primitive Methodist church.

They have made their home at 603 Highland avenue for the past 20 years, and previous to that were residents of Wallace avenue.

One grandson, Wilbur E. Johnson, Jr., is a student at Rollins college, Winter Park, Fla.

APRIL 3 WEDDING
DATE ANNOUNCED

Announcement is made of the forthcoming marriage of Miss Dorothy Kraus, daughter of Mr. and Mrs. George Kraus of Crestline, Ohio, and Ronald N. Murphy, son of Mr. and Mrs. Ronald A. Murphy, of 317 Fairmont avenue, on April 3.

The wedding will be solemnized at a quiet morning ceremony in the parish house of St. Joseph's church in Crestline and will be supplemented by a reception afterward at one o'clock in the home of the bride-elect's parents.

SCENE OF WEDDING

In the newly decorated Mt. Hermon church on the afternoon of March 12, the wedding of Miss Mabel V. White, daughter of Mr. and Mrs. A. H. White of R. D. 6, and Ray E. McQuiston, son of Mr. and Mrs. Frank McQuiston of Ellwood City R. D. 1, was solemnized. The ceremony was performed at 2:30 o'clock by Rev. C. W. Cochran, using the single ring ceremony in the presence of the immediate families.

The bride wore a blue-grey gabardine suit with black hat and black accessories and an orchid corsage. For something old she wore a gold chain and ruby necklace over 100 years old, and for luck a penny in her shoe.

As her attendant, Mrs. Clair Leonhardt wore a gray suit with black accessories and a corsage of red roses.

Mr. Leonhardt served his cousin as best man. Immediately following the ceremony a reception was given in the home of the bride's parents with Mrs. Norman C. White, sister-in-law of the bride, and Miss Helen McQuiston, sister of the groom, as aides.

Dispensing with a wedding trip, the newlyweds have taken up residence in their new home on the McQuiston farm, Ellwood R. D. 1.

"ALASKA" TOPIC FOR
READING CIRCLE '91

Reading Circle '91 met at 2:30 o'clock Monday afternoon in the rose room of the Y. W. C. A. with Mrs. T. C. Boston as hostess.

Speaker was Ray VanTassel of Bessemer, who has made an extensive study of Alaska, and he talked on "Alaska and Its Possibilities to Homesteaders." Turning the meeting into a discussion group, he answered questions from the audience. Mr. VanTassel was introduced by Mrs. E. L. Davenport.

Mrs. Thomas Lindsey presided over a business meeting earlier, with members answering roll call with "A Subject: You Would Choose for a Program."

Next meeting will be election meeting at the same place, on Monday, March 29, with "Famous Mothers" as the roll call topic and three-minute talks for a number of members on famous women. Mrs. W. H. Shipley will be the featured speaker.

CURRENT EVENTS '06
ENTERTAINED MONDAY

Current Events '06 members were received by Mrs. James A. Ray in the home of her daughter, Mrs. A. W. Hanna, 707 East Main street, Monday afternoon.

"Origin and Settlement of Zeligopolis and the Harmony Society" was the subject of a most interesting talk by Mrs. C. N. Moore. Established in 1801 by Frederick Basse as a manufacturing center, the settlement was named for his daughter, Zelia.

During business two committees were appointed: nominating, Mrs. C. N. Moore, Mrs. George Ramsey and Mrs. Charles G. Martin; program, Mrs. John Ingham, Mrs. Howard Humphrey and Mrs. R. L. Hildebrand.

Mrs. Alice McKillop of Springfield, a former member, was a special guest.

Next meeting will be April 5, in the home of Mrs. Edwin Rummel, 611 Court street, when election of officers will be carried out.

CORYEA-LESLIE

Mrs. William M. Coryea, of 1329 East Washington street, announce the engagement of her daughter, Betty J. Coryea, to Robert L. Leslie, son of Mr. and Mrs. Walter L. Leslie, of 1409 Carlisle street.

Miss Coryea, a graduate of New Castle high school, is employed at the William Milson Company.

Mr. Leslie, also a graduate of the local high school, is a student at Westminster College in the engineering course.

The engagement will terminate in a wedding in the early fall.

In View Of News Of The World

By J. C. Ostreicher, INS Foreign Director

Another of those "hard to understand" converts to modern communism emerged as a major factor in European politics today in the wake of Jan Masaryk's tragic death in Prague.

He is Dr. Vladimir Clementis, deputy to Masaryk and his logical successor, who in contrast to so many unlettered tools of the Kremlin is a man of vast educational and cultural background.

In addition, he is one of the most-decorated statesmen of his times, holding orders from many foreign nations including a blazing medal handed him by King Leopold of the Belgians, whose political theories are far removed indeed from those of the Kremlin.

A studious man, Clementis remained in the background during the recent series of events in Czechoslovakia. But he must have been involved in all details of the communist coup and knew he would get the job of foreign minister when age, illness, accident, resignation or suicide took Masaryk from power.

May Be Restrainer
Whether his cultured background ultimately may compel Dr. Clementis to exercise a restraining influence upon communists seems doubtful at the moment. He already is at work framing treaties of mutual assistance with other satellite Soviet nations in eastern Europe.

He has given no intention of pursuing a foreign policy that does not jibe exactly with what Moscow wants.

The defection of Clementis must have been a bitter blow to President Eduard Benes. Clementis always had been an extreme socialist politically. But he was one of that little band regarded by Benes as "true patriots" who went into exile with him in 1938 and who fought for Czechoslovak independence and freedom against all forms of oppression.

Ironie Situation
Born in 1902, Clementis was educated at Prague and abroad. He entered the political scene at an early age. But like many highly educated Czechoslovaks his avocations covered a wide field. Progress in literature and the sciences was responsible for the many honors paid to him by neighboring governments.

There is something ironic in the fact that among the books bearing Clementis' signature is a fine, big, practical and praiseworthy volume about the late Thomas Garrigue.

Looking At Life

By Erich Brandeis

Stuck away in one of those "Questions and Answers" columns in today's newspaper appears this little item:

"Q. How many human emotions are there?
"A. There are three basic human emotions—fear, anger, and love. All others are linguistic modifications."

Not having any competent psychologist handy at the moment, let us take the information given above as correct.

Fear, anger and love.

Notice the order in which they are given.

Perhaps there we have the answer to the many questions that now confront us.

Fear comes first.

You, who read this column regularly, may remember that I have written about fear several times.

Russia fears us. We fear Russia. The Arabs fear the Jews. The Jews fear the Arabs.

Fear is a most dangerous emotion.

It is a germ more virulent than any germ of plague and pestilence.

Next comes anger.

Anger may well be a result of fear.

You are scared of someone if you think that he has evil designs on you but you are not strong enough—or think you are not strong enough—to convince him that he had better forget his evil designs—or else.

The other fellow knows about your fear of him and he keeps on goading you. The more afraid you become of him, the more arrogant he becomes, because fear shows itself as plainly as the spots on the face of a kid with the measles.

Finally the fellow becomes so overbearing, so nasty that anger takes the place of fear, and eventually you get so angry that you start a fight.

This is the way family brawls start, and neighborhood quarrels.

And fear and anger are the stuff of which wars are made.

How does the third emotion, love, fit in the picture?

Love cannot come until fear and anger are overcome.

Love is confidence, faith, understanding.

This will never be a world fit to live in, until love takes the place of fear and anger.

When will that be?

When the Golden Rule, as set down in the twelfth verse of the seventh chapter of Matthew, becomes not only a quotation, but a living and universal law.

"All things whatsoever ye would that men should do to you, do ye even so to them."

And not until then.

(Copyright, 1948, King Features Syndicate, Inc.)

Hints On Etiquette

There is no reason why a girl should not give her boy friend a picture of herself when he goes away to college. It is better taste, however, not to write on the picture.

Masaryk, father of the late Jan and of the Czechoslovak republic itself. Thousands of purported admirers of Masaryk and Benes are paying at least lip-service to the communist powers in Prague and Moscow today.

But in the government itself, there are few men who have the classical background of Clementis and few who were so closely associated with the Republic's founders. Militant communism depends more greatly upon the tough administrators like Premier Klement Gottwald who were trained and indoctrinated in Moscow for one sole purpose—propagation of Stalinism.

The Parent Problem

By Garry C. Myers, Ph. D.

CHILD WITH TEMPER TANTRUMS

In a rage, a certain boy, twelve, shot his sister; a boy, fourteen, slew his mother; a mother dashed out her husband's brains with a hatchet. All sorts of violence may be committed in a rage by one child toward a parent or other child, by one parent toward a child or the other parent, not to mention verbal abuse.

In practically every instance the rage culminating in violence by the parent or older child is basically the same kind of rage this person has practiced in earlier childhood or infancy.

Whereas most parents are concerned about tantrums in the youngest because of his annoyance to them at the time, they should be more deeply concerned over the later consequences. Yet mere concern about tantrums in your infant ten months, your tot two or three or your youngster five or six could cause you to grow panicky and to do the very things which would make the tantrum worse more violent and frequent.

You need to think through a plan when you are most calm and reasonable. Besides, you need to be self-controlled, to be wholly calm and reasonable when the youngster is enraged.

As you can see, if you are angered at his rage, or if you shriek at him or try to punish him when he has a tantrum, you are likely to engage him more. Except for shock, perhaps, in rare instances, rule out rebukes and punishments then.

Safety Threatened

If, however, the child is endangering himself (which is rare, though possible), threatens the safety of others or of property, you may need to step in with effective shock or punishment to prevent his dangerous acts but not for his being mad. Otherwise, say nothing, do nothing when the rage is on.

Most tantrums begin and flourish because the child discovers that through his crying, screaming, kicking and so on, he can force you to let him have his way. Then he has been rewarded by his rage, and the more violent and prolonged his rage has been, the richer the reward when he finally wins.

Usually tantrums in the infant under one begin when his parents, having decided to let him "cry it out," finally surrender again and again. If they are going to take him up anyway eventually why not right away? Therefore, next to managing your emotions is to manage your spine and keep the calcium in it, being sure the youngster cannot soak it out with vinegar. Don't overlook the child's health. Is he well? Is he over-tired and excited? Have your physician check on him.

Other Factors

There are many other factors, especially as the child grows older, positive factors—your tenderness and affection, your understanding and appreciation of him as a person, your celebrating his successes, your winning his cooperation.

Now many of the most violent tantrums relate to stubbornness when the youngster refuses to do what you want him to do. Finding ways to win his happy cooperation prevents stubbornness and, therefore, the majority of tantrums.

This I have explained from many angles in this column and at length in my bulletins, "Stubbornness" and "Tantrums," to be had in a stamped envelope by writing me at 235 East 45th street, New York, N. Y.

Thank goodness it's hard to keep a good man down in the mouth.

TO A TEACHER

Of all the many tasks that may confront you in leading youthful minds to heights above, if you can teach a child to read for pleasure Then call your work a glorious task of love.

If you can teach him more than words and symbols Of black-faced letters on a page of white, If words are keys which open wide the portals That lead him out into a world of light;

If you can clear away each mist obscuring The view beyond his mental window-pane, Or re-create a world of hope alluring From which he will reluctantly return;

If you can see him meditate and ponder On things that reading brought within his ken, Producing thoughts which cause him joy and wonder Or hear him say, "I'll read that book again";

If you can see him choose a book with pleasure Each page regarded as a faithful friend, With whom he'll lovingly and gently linger Or dread to have the final story end;

If, reaching out, an eager youthful reader, You well may say, "Indeed I've been successful No smallest effort made has been in vain."

Washington Calling

(By MARQUIS CHILDS)

Eleventh Hour In E.R.P. Action

WASHINGTON, March 16.—Now that the Senate has approved the European Recovery Program by an overwhelming majority, quick action in the House is imperative. If the Republican leadership really wanted speed, the recovery bill for Europe could pass the House without difficulty this week.

Unfortunately, China, Greece, Turkey and other explosive matters have been tied up with the vital issue of European aid. April 10 is discussed as a target date for final agreement. That may be too optimistic in view of the fact that the House measure, with the new and irrelevant features added, will have to go back to the Senate for ratification there.

Highly Debatable
Whether action by April 10 can affect the outcome of the Italian elections on April 18 is highly debatable. That is literally the eleventh hour. James A. Farley, who knows quite a lot about elections, has said that nothing that happens in the last two or three weeks of a campaign can change any substantial number of votes.

It is time to look candidly at the Communist strategy in Italy and to recognize that the approach by outwardly legal means through the ballot box is the most difficult of all to combat. The large and highly organized Communist party in Italy is a powerful instrument of Russian foreign policy. The party is immediately responsive to Soviet desires but the wires are pulled and the aid is furnished in secret behind the cloak of legality.

One Man's Opinion

By Walter Kiernan

Times continue perilous. Right behind the income tax man comes the milliner.

And Easter bonnets are not deductible as "business expense."

An indication that the treasury is not familiar with the facts of domestic life.

An argument rages in Washington as to whether or not the internal revenue department is efficient.

I would suggest examining any taxpayer's pockets.

A photo of empty whiskey bottles in the department files is introduced as evidence of laxity.

It would seem to show thoroughness.

What other tax collection agency plucks a man down to his last two empty bottles and gets them too?

And if the bottles actually were drained in the department that makes sense too. Why would an internal revenue worker buy alcohol for external use?

What Happens
What happens if the Communists, together with their Socialist allies, get a majority of the votes in a more or less honest election? If the right-wing parties represented in the present government refuse to recognize this fact, then their position before the world is certainly not a strong one. And the grounds for any kind of U. S. intervention would be doubtful.

Italy illustrates very well the American handicap. The task in the nearly three years since V-E day was to win the Socialists away (Continued on Page Eleven)

A SPENDTHRIFT TALKS

I know they will that I tossed it away.

And I ought to have saved when I could.

But the best money buys is the light in their eyes.

Which by misers is not understood.

I know 'twill be said I'd no sense in my head.

That my heart ran away with my brain.

But I let the cash go for what I thought was best—

And I'd do it all over again.

I knew what was meant by the phrase: "Four per cent"

And that two and two always make four.

I could have bought stocks, instead of new frocks.

But I valued their love so much more.

Pays Tribute To Irish

By PAUL GALICO

NASSAU, BAHAMAS, March 16.—The report on conditions in the southland is hereby temporarily interrupted, because I note by the calendar that tomorrow is St. Patrick's Day, and it is in my mind to pay honor to and say something pleasant about the Irish, whose day it is to celebrate and rejoice.

I am, of course, pure Irish myself, and but for a bit of trouble in the old days would be known by my right name, Paul Gallagher. It seems that many years ago in the days of Brian Boru, one of my ancestors, Seumas O'Gallagher of the Kerry Branch of the Gallagher's, took aboard a larger load of poteen than he could handle, and mislabeled a party by the name of Fingal O'Rory.

Strongest Man In Ireland

My ancestor would never have done this had he not been poteen potty, because Fingal O'Rory was a giant and the strongest man in all Ireland. Fingal could down a forty-gallon tub of mead at one swallow, and for hors d'oeuvres with this cocktail he used to eat sandwiches of whole roasted oxen between two oatkakes as big as billiard tables. A big man, Fingal. He was so strong that when the wind blew so hard it was like to damage the crops they used to call upon Fingal to stand in the teeth of the gale and blow back. He would never bother to walk around a mountain. He just bent down and moved it out of his way. A powerful fellow, Fingal.

It was not wise on the part of my ancestor, Seumas O'Gallagher, to mislabel Fingal, but then you know what poteen is. It made Seumas feel big and muscular himself, an illusion that Fingal punctured by picking him up by the scruff of the neck and throwing him out of Ireland. Fingal must have been truly irked, because the legend in our family is that he really took a wind-up and threw Seumas all the way to Italy. At least, that is where Seumas found himself when he came down.

Met Dark-Eyed Lassie

There he met a dark-eyed lassie, and liked it so well he stayed. Besides, he did not consider it healthful to return to Ireland. Down through the years, the name Gallagher became Gallico, and we, nevertheless consider ourselves pure Irish stock, and some day if we can be certain that Fingal O'Rory is no longer about, we contemplate returning to the old country.

In the meantime, understanding this, you will forgive me if I abandon my traveltogue and devote a column to singing the praises of us Irish, for there is no help for it, it must be faced, we are a wonderful people.

I hardly know where to begin. We have the greatest poets and the greatest politicians, the smoothest talkers and the sweetest singers. Do you realize what this world would be like without Irish tenors? Let us not even think about it. If you must, you had better express yourself in private, particularly tomorrow, or not at all.

Most Powerful Athletes

We have the most powerful athletes and the toughest fighting men. There is no music as sweet as the Irish pipes, and no whiskey as potable as Irish. And as for Irish stew with dumplings—I could devote the rest of this space to singing the praises of this heavenly dish. And who first thought of combining corned beef with cabbage, who was the genius who first introduced this succulent vegetable to that toothsome flesh and served them steaming hot on the same platter? An Irishman. The passage of time has dimmed his name but not his memory. They ought to put up a statue to him in the public square.

Who can laugh, drink, fight, love and live like an Irishman? Another Irishman! Who would have discovered America if Columbus hadn't talked Isabella into putting up the dough for his outfit? Irishmen. Who won most of the wars there have been? The Irish. Who started them? Never mind now, don't get personal.

Tomorrow is our day when we celebrate our good Saint Patrick. Wish us well and cheer us on. There's no getting away from it. We Irish have made this world a better place in which to live.

Jobs Upon A Time

Al Jolson, singer, stage and screen actor and radio personality, was born in St. Petersburg, Russia, and brought to the United States as an infant. In his boyhood he joined a circus, and later was a cafe entertainer, then in vaudeville and Lew Dockstader's minstrel show. He made his New York debut in musical comedy plays in 1911, and his screen debut came in 1927.

The World and the Mud Puddles

THAT "MARSHALL PLAN"

President Truman and his Secretary of State, Mr. Marshall, in their endeavor to force the Marshall Plan upon the country, tell the Congress:

"Take it as it is, or don't take it at all. We will not accept any variations from the 'Plan'."

In other words, the President of this nation insists that Congress should accept the "Plan" as a whole or abandon it entirely. That would be a good solution for the "Plan" calls for the following minimum:

Four hundred million dollars worth of steel-making equipment, together with two million metric tons of steel.

The exportation of half a billion in lumber and timber products.

More than two hundred million would be contributed in coal-mining equipment.

A billion and a half in petroleum products.

Twenty-six thousand freight cars. One hundred fifty thousand motor trucks.

Two hundred fifty-six millions in tobacco.

Six hundred ninety-one million tons of cotton.

Five hundred sixty-two million tons of dairy products.

All of the above, together with an undetermined amount of wheat and corn.

Seance In U. S.
All of the above-mentioned products have undergone substantial price advances in the United States, because of scarcity. The railroads are hampered because of lack of box cars and rails. Farmers lack trucks. Petroleum shortages bring a threat of rationing. Lumber scarcities and high prices impede home building. The effect of abnormal grain exports already has been manifest in high food prices and continuing reductions in meat supplies.

Strangely enough, Joe Stalin and his minions are opposed to the carrying out of the Marshall Plan and the reason for opposing is just about as clear as the reason advanced by those in this country who urge the adoption of the "Plan."

Ellwood City Bus Strike Deadlock Still Unbroken

Possibility Ellwood City might be without bus service is seen today in the struck condition of the Ellwood City Motor Coach Co. The strike has been in progress several weeks, and today the outlook for a settlement is no brighter than it was the day the bus operators struck.

It was said that the revenues derived from the hauling of school children from Franklin and North Sewickley townships constituted a considerable portion of the revenues of the bus company. The North Sewickley Township School Board has cancelled its contract with the Ellwood City Motor Coach company and has given a contract to the J. Rhodes Motor company of Enon Valley.

The daily haul of students from and to North Sewickley township was about 247. Franklin township has about 160 pupils to be hauled but as yet this board has not cancelled its contract with the bus company. Should this be done it is said in Ellwood City there is a possibility that the Ellwood City Motor Coach company may discontinue service.

The bus drivers struck for higher wages, overtime, safety appliances and a closed shop. After some ten days of stalemate, State Mediator Troy C. Burns was brought in for an adjudication of the dispute. Mr. Burns failed to negotiate a settlement and the strike is in the same condition today as it was, save for the fact that the company has lost the North Sewickley township contract.

First Big City Tax Payment For Year Is Received

City Treasurer Bernard N. Hanlon today announced the receipt of the first big tax payment for 1948. He stated the War Assets Administration had paid the city of New Castle \$26,695.20 tax on the old Shenango tin plant, which is now occupied by the Hudson Motor company.

Fatal Truck Crash Near East Palestine

EAST PALESTINE, O., March 16.—Victim of a truck crash on Pennsylvania State Highway 51, near here, the body of Lewis C. Vanzant, 31, was taken Monday to his home in Columbus.

Vanzant, driver for the Interstate Trucking Company, was crushed when his truck crashed into another truck, owned by his employers, as it slowed down at a secondary road for a motorist making a turn.

Lloyd W. Nolan, 28, of Shellburn, Ind., driver of the second truck, and Robert Ward, 36, of East Palestine, operator of the automobile, were unhurt.

Raising Fund To Secure Portrait Of Former President

NEW WILMINGTON, March 16.—Student council at Westminster college is undertaking a "Prexy's portrait" fund, with the aim of raising \$500 dollars from student and alumni contributions. The money will be used to bring a nationally renowned artist to campus that he might paint the portrait of the Rev. Robert Galbreath, Sr., former Westminster college president.

Upon completion the portrait will be placed in McGill Memorial library. YOU'LL POINT with PRIDE to YOUR LAWN

Flowers, Shrubs, Trees and Garden . . . If You Use MILORGANITE FERTILIZER

MILORGANITE, properly applied, will help you establish deep green grass of uniform color and growth; weed-free turf of velvety texture. You can enjoy the beauty of better blooms in your flower beds or window boxes; take new pride in garden vegetables of superior quality; have trees and shrubs that are strong and healthy—grounds and gardens that will be a source of pride and gratification to you and the envy of your neighbors.

A NATURAL ORGANIC FOOD • Milorganite is a natural, unadulterated organic plant food. It contains more of the "basic" fertilizer elements than good old Barnyard Manure, and is richer in the vital "trace elements," also.

EFFECTS ON GROWTH ARE LONG LASTING • Soluble fertilizers may act more quickly than Milorganite because they are rapidly assimilated by plants. Usually this is a disadvantage rather than an advantage . . . because the effect on plant growth is short-lived. Furthermore, too rapid growth weakens plant structures. MILORGANITE promotes steady, healthy, uniform growth because its water-insoluble organic nitrogen is released slowly, and is converted into available plant food as needed. That's why lawns fed with Milorganite stay green longer.

Also Lawn and Garden Seeds, Bone Meal, Lime, Dried Cattle and Sheep Manure, Garden Supplies and Insecticides.

High in Purity—Non-Burning • Scientific process of manufacture assures high purity and high content of plant food elements. Milorganite has no objectionable odor, is free of weed seeds and harmful bacteria . . . yet stimulates development of vitally needed soil micro-organisms which convert insoluble soil nutrients into available and usable compounds.

EASY TO USE • Each particle is a distinct granule (not a powder), so Milorganite does not cling to vegetation. It is clean, dustless, and free-flowing, too, hence easy to apply, even on a windy day, as it does not blow away during spreading.

KEEPS INDEFINITELY • Milorganite never cakes or hardens during storage, and does not rot the bags. Any portion not used immediately can be stored indefinitely for future use.

All Local Golf Clubs Use It!
Golf Clubs use more Milorganite than any other fertilizer because LONG EXPERIENCE has proved to them that Milorganite is an ideal, dependable turf fertilizer. So why not try their prescription on your lawn? Use Milorganite liberally twice a year (3 to 5 lbs. per 100 sq. ft. each time), once in spring and again in early fall. Watering-in immediately after application is not necessary, as Milorganite will not burn. THE IMPROVEMENT IN TURF AND REDUCTION IN WEEDS WILL AMAZE YOU.

Westminster Boy Gets Facts Direct From James Farley

NEW WILMINGTON, March 16. —Former Postmaster-General and Chairman of the National Democratic party James A. Farley contributed in a very real way to one Westminster college senior's thesis.

Robert Stegner, son of Mr. and Mrs. Charles B. Stegner of Titusville, had written to Mr. Farley at the suggestion of his college advisor, Dr. J. W. Creighton.

Writing his thesis on the late Al Smith, Bob had exhausted the material of several libraries, but still had several important questions unanswered, among them: What caused Smith's defeat? Mr. Farley answered that he would like to talk to Bob personally, and when the reply came promptly by phone from New York, Bob knew why James A. Farley was reputed to have more friends than any one else in politics.

Farley attributed Smith's defeat at the polls in 1928 to the general period of prosperity during preceding Republican administrations. Two the second question, Farley said that had Al Smith gained the nomination in 1932 his victory would have been as pronounced as his earlier defeat. Insufficient preparation on the part of Smith and splendid organization work on the part of the Roosevelt backers caused Smith to lose the 1932 nomination by the Democrats according to Mr. Farley.

Farley paid for the phone call.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause aching backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

'Singing Brands' To Be Heard Again

Another excellent instrumental and vocal musical program will take place this evening at 7:30 o'clock in the Alliance Gospel Tabernacle, 210 Pearson street, with the 'Singing Brands', Mr. and Mrs. W. H. Brand of Fort Wayne, Indiana, being heard in the special presentation in connection with the revival meetings in progress at the church.

Rev. Brand will bring the evangelistic appeal following the music. On Wednesday evening, the young men's quartet will be assisting in the program. Mrs. Brand, a qualified musician, plays on the bells and piano and also the accordion, with Rev. Brand assisting vocally.

4-H CLUB NEWS

HARLANSBURG 4-H CLUB MEETING

On Monday morning, March 15, at the Harlanburg school, a meeting of girls between the ages of 10 and 20 years was held. The primary purpose of the meeting was to get the girls together to discuss 4-H club activities.

Miss Jean Craumer, assistant Home Economics Extension representative of Lawrence county, talked about the various phases of 4-H club project work and then she introduced five of the former 4-H club members who told the rest of the girls about their own club activities. They were: Edythe Harlan, Jessie McCracken, Eleanor Donley, Marilyn Kamerer and Marilyn Forbes.

An organization meeting was scheduled for Saturday afternoon, March 20, at 2 o'clock at the Harlanburg school. At this time the project for the summer months will be chosen. Also, various games and songs will be enjoyed.

Mrs. Lee Campbell, West Washington street, is improving nicely in the Jameson Memorial hospital following an operation there.

George Tribby of Warren avenue, who is confined to the New Castle hospital with two arm fractures, is getting along nicely.

Word has been received by John Fallon of North Mercer street of the death of his brother, Joseph Fallon, aged 54, who died Saturday at his home in Scotland.

Capt. and Mrs. Charles Tribby of Fort George Meade, Md., were visitors over the week-end with the former's parents, Mr. and Mrs. George Tribby, 929 Warren avenue.

Mrs. L. W. Schetrom of 223 Scott street, who fell on the ice last Friday, is still confined to her home and getting around with the aid of crutches. She has a badly sprained ankle.

Mrs. Joseph Deloski of Castlewood has left for the Cleveland Clinic, where she will undergo observation. She was accompanied by Mrs. Clare McConahy, who will remain with her.

Mrs. Mabel Frazier, R. D. 5, State road, is confined to the Jameson Memorial hospital, where she underwent an emergency operation Sunday night. She is the daughter of Mrs. John Lewis, 209 Pearson street.

Mr. and Mrs. Ray M. Shields of Castlewood, former residents of this city, announce the birth of a daughter Saturday evening in the Mary Evans Maternity hospital in Ellwood City. She has been named Mary Alice.

Mr. and Mrs. Harry Caravaggio and children, 1508½ Hamilton street, have returned from Greensburg, where they were guests of Mrs. Caravaggio's parents, Mr. and Mrs. Joseph Colantino. The Greensburg couple observed their golden wedding anniversary Saturday with "open house".

Mr. and Mrs. Lester Gibson, Highland Heights, and Mr. and Mrs. John Cook and son, West Washington street, have returned from a motor trip to Florida. The group visited a number of points of interest, including Bok Tower, Marine Land, Cypress Gardens and Silver Springs. They also enjoyed fishing and skating.

Mr. and Mrs. Allen Cartwright of West Washington street, returned from a month's motor trip to California. En route to California they visited their daughter and son-in-law, Mr. and Mrs. W. J. Miller, El Dorado, Kas. In Ontario, Calif., the New Castle residents were guests of Mrs. Cartwright's uncle and aunt, Mr. and Mrs. J. N. McCandless, who formerly resided in this city, and their cousins, Dr. and Mrs. Wilbur McCullough. At Los Angeles they visited Mr. Cartwright's sisters and brothers-in-law, Mr. and Mrs. N. J. Brunner and Mr. and Mrs. Edward Guckert.

Grandma will tell you that house-cleaning was one chore she hated — and Grandpa dreaded. But that was before electricity had taken so much work out of housework.

• Now, with cheap, dependable electric service ready to lend a hand — or a dozen hands — housecleaning has been stripped of much of its drudgery. Housecleaning — and housekeeping, as well.

• For the cost of a couple of candy

bars a day, the housewife has a dozen helpers at her elbow. Today, electricity washes, cooks, sews and cleans, preserves her food, lights her home and entertains her.

• Never before has electricity done so much to make life easier and more comfortable. Yet the average family today is still getting twice as much electric service for its money as it got 20 years ago. What other item in the budget does so much for so little?

Train Radio-Phones Preventing Wrecks

Serious Accident Prevented Near New Florence, Pa., Through Use Of Train Telephone

JOHNSTOWN, Pa. — (INS)—Radio telephones on trains recently proved their worth on the Pennsylvania railroad's West Penn branch in Indiana County.

George Cheslo, of Climax, saw a car stalled on the tracks. He hurried to a "JD" tower near New

Florence and notified the operator there of the wreck hazard. One of the PRR's fastest freights was headed toward the stalled car at the time. It was 7:20 p. m. when Cheslo warned the "JD" tower of the crash menace.

Passed At 6:58 P. M. The freight train had passed the tower at Johnstown at 6:58 p. m. There was no other tower between the train and the stalled car to warn the speeding freight. Fortunately, the "JD" operator knew the diesel engine on the train was equipped with radio phones. He quickly put in a call for the train crew and sent out a warning of the danger ahead. The warning got through just in

time. The speeding locomotive was brought to a stop only a car length from the stalled auto.

AUTHOR TO SPEAK AT ANNIVERSARY

CARLISLE, Pa., March 16.—(INS)—Mark Van Doren, author and lecturer, will be one of the principal speakers at the 175th anniversary celebration April 22-25 of Dickinson college at Carlisle.

Dr. William W. Edel said sessions of the convocation will include the fields of government and public service, science, business and industry, the arts and religion.

Sixth Sunday Figures For Pre-Easter Campaign Here

Figures for the Sunday schools of New Castle that are participating in the eight weeks pre-Easter increase campaign being sponsored by the Lawrence County Sabbath School Association in which 75 Lawrence county Sunday schools are enrolled, are given below, and these figures show that the sixth Sunday had the best attendance to date.

In the first, New Castle group, the First Methodist is in first place as they had their best attendance of the campaign Sunday. Reports are that the Third U. P. also had an unusually good attendance, but their attendance figure is not in yet. This Sunday school is doing a good job in meeting all four of the goals, and have an active campaign of their own in progress. The First Pentecostal also had their best attendance, and the First Baptist, although greatly handicapped by having to move from their Church building temporarily, had the fine attendance of 446.

In the second group the Alliance Gospel Tabernacle is in first place, and in the third group the Nazarene is still in the lead. In the fourth group, the First United Brethren are first, and in the fifth group, the Madison Avenue Christian is out in front. The newly-organized Bethel Baptist Sunday school had the best attendance of the campaign last Sunday, and added a good number of points to their large total.

Church attendance at the morning worship service is gaining, and the percentages for last Sunday as well as the total percentages are given below the Sunday school attendance figures.

Around Hollywood

By JOHN TODD
International News Service Staff Correspondent

HOLLYWOOD, March 16.—(INS)—You can kiss those pretty girls goodbye, for there's a new approach to the movies today—and it's adult.

That's the opinion of Jenia Reissar, talent scout and European representative of David O. Selznick, who just arrived in Hollywood.

Miss Reissar lauded England's lifting of the tax on Hollywood productions, which she said should have two happy results:

1. Greater exchange of European and American stars and (2) increased joint productions of British and American companies.

Better Acting But the Russian-born discoverer of Selznick's latest star, Valli, said she believed the greatest gain in store for movie productions through European cooperation is "better acting."

She explained:

"There's an adult approach to the European movie that is surely finding its way across the ocean. The movie fan of today will not tolerate the sort of fare he was given during the war. He has seen the world—and he's going to demand authenticity."

Miss Reissar, whose headquarters is in London, said she thought Hollywood was threatened "in no way" as a central spot for moving picture production, although "increasing numbers of movies will be made in Europe."

Make Movie in Sweden Selznick, for example, will begin production of Ibsen's "Doll House" in Sweden—it's natural location—sending Actress Dorothy McGuire over in May for the actual filming. All extras and personnel, including cameramen, will be Swedish.

Miss Reissar said Sweden, Switzerland and England offer the best opportunity for European movie production, with France and Italy doubtful at this time "because of the changing political scene."

She listed Sweden as "keenest of any country on real acting—they don't care how a person looks, so long as they can act."

Court Rules On Ending Of War

WASHINGTON, March 16.—(INS)—The United States court of appeals write a new chapter Monday in the history of American jurisprudence by ruling that the "shooting war" ended on V-J Day. The District of Columbia appellate court took judicial note of the

conflict's end in passing judgment on an insurance case involving the fatal fall of an army major from a hotel window in Rheims, France, on Oct. 2, 1945.

Justice Bennett Champ Clark's opinion reversed a lower court ruling that the officer, Maj. Jack Stinson, was "engaged in war" and that his widow, Mrs. Betty Stinson of Washington, was not entitled to the \$10,000 she sought from the New York Life Insurance Company.

If you could discover, as Jim and I did, about "Planned Family Happiness". We had been reading about this, and the other night we took a careful look at our budget. It proved to us, that regardless of your income, your family can have MORE happiness and FEWER worries by carefully planning the use of your family money.

Acting on this, we opened a Savings Account at First Federal, where our money is insured safe and we have the additional satisfaction of knowing that it will GROW in two ways. First—through liberal dividends compounded semi-annually and second—because money saved today, will buy more and better goods in the future when production catches up with demand.

Why don't you start saving with First Federal too?

Court Adds Time
To Sam Sentence

Previous Sentence For Robbery Lengthened—Other Sentences

OTHER EVENTS
IN COURT HOUSE

Samuel Sams, one of the participants in the wave of safe robberies in New Castle a year ago had time added to his sentence Monday. Sams had pleaded to a number of safe jobs and received three and one-half to seven years in the penitentiary.

On one count he first made a confession and implicated Leonard D'Antonio. The two men stood trial and Sams repudiated his confession. In the case of D'Antonio a new trial was granted and the case later nolle prossed due to insufficient evidence.

Sams' conviction stood and he was given three years and nine months to seven and one-half years in the penitentiary, the sentence to run concurrently with the others. This adds three months to his minimum sentence.

Joseph L. Copley, convicted of robbery, was fined \$14 cents and given two to four years in the penitentiary. Herald K. Hanna, plea to the same charge, got 10 to 22 months in the Allegheny County workhouse. Marion L. Goodwin, morals charge, \$100 and costs and 6 to 12 months in the county jail.

Dorothy Irene Cornelius, morals charge, sentence suspended.

PLAINTIFF MADE DEFENDANT

In an order handed down by the court, Ethel E. Benson is removed as a plaintiff in a damage suit in order that she can be named as co-defendant. The case is one in which Ethel Benson and her husband, George, Caroline and Donald Benson, Helen Benson and Donald Benson Jr., by his guardians and parents filed suit against the Shenango Valley Transportation company for an accident. It is claimed the bus stopped too quickly and the car which Ethel E. Benson was driving was forced to swerve and hit a tree.

The petition to make Ethel E. Benson a co-defendant was granted.

ONLY ONE BID

Only one bid for an automobile for the juvenile and parole officer was received Monday by the county commissioners. The J. R. Rick Motor company bid \$1709.05 for a four-door Dodge sedan. The bid was accepted and the contract awarded.

INSURANCE BIDS

Bids for liability insurance were opened Monday by the county commissioners. The lowest bid received was that of the Warnock-Robinson company at a price of \$1084.83 for three years. The bids will be studied and the award made March 17.

New Licenses In Use In State

Million And Quarter Motor-ists Have Already Secured 1948 License Tags

By JACK WARD
(L. N. S. Staff Correspondent)

HARRISBURG, March 16—More than 1,250,000 motor vehicles in Pennsylvania could have donned the latest approved "fashion" Monday—1948 license plates.

Another 850,000 owners have until April 1 to "get in style," according to the State Revenue Department.

This year's plates are an ultramarine blue background with golden yellow numerals and required 1200 tons of steel in the making. An additional 10,000 gallons of blue paint, 7,000 pounds of numeral ink, and 6000 gallons of clear varnish went into their manufacture.

Mailing of the new tags to owners required approximately 3,000,000 sheets of waxed paper, more than 2,225,000 envelopes and 50,000 shipping cartons, the bureau of prison industries reported.

Produced At Prison

Produced by more than 100 inmates in Western penitentiary at Pittsburgh, the manufacturing cost of 1948 license tags will reach approximately \$400,000, or 16 cents a set, according to F. Herbert Cooper, director of prison industries.

"Our workers are going full tilt on an overtime schedule to keep up with the demand for 1948 tags," Cooper said. "More than 2,000,000 have been completed and the plant will have to work through to the end of March to complete the job."

At that time, production of 1949 licenses will begin, he added.

Nearly \$40,000,000 Revenue

Alvin C. Walker, director of the Bureau of Motor Vehicles, reported revenues from license tags in the first 11 months of the licensing year of 1947 totaled \$39,175,826.

Broken down, the figure included \$18,918,516 for passenger cars, \$14,320,857 for trucks, and \$3,260,203 for buses, motorcycles, tractor trailers and motor bicycles.

Pointing out that the overall fig-

ure represented an 11 per cent gain over revenues in 1946, Walker said the department "anticipates a similar upswing" during 1948 due to new car production.

Walker admitted the revenue department "is studying" a proposal to replace steel license plates with aluminum tags which would be good for a five year period. Although the longer-lasting aluminum tags would cut production costs, he said the plan has not yet been proven successful.

"In Connecticut, the originator of the idea, revenue officials report that at the end of the yearly licensing period approximately 30 per cent of the state's motor vehicles are without new registration," he explained.

Permanent Union Of European Nations Is Seen By Bevin

PARIS, Mar. 16.—(INS)—British Foreign Secretary Bevin predicted that a "permanent European Union" will grow out of the Marshall Plan.

Bevin addressed the opening session of the 16-nation Marshall Plan conference that assembled in Paris on a note of urgency and determination to halt the spread of Communism in Europe.

He did not mention the East-West cleavage specifically and spoke with optimism.

But he emphasized the need for cooperation among the Democratic nations of Western Europe.

Bevin said:

"We have had many handicaps and difficulties to surmount. But I feel more hopeful now than at any time during or since the war."

Bevin stressed what he termed "our sense of the overwhelming importance and urgency of the task before us." He continued:

"We are really making history. I can say on behalf of Britain that having put our hands to the plough, we shall not turn back."

"When the period of American help ends, the program has succeeded. I do not believe that we will break apart."

"I believe that our cooperation will go on."

"In other words, during these four years the habit of voluntary cooperation will have been so strengthened that it cannot and will not cease when the pressure of present needs has diminished."

Ministers Hear Rev. G. R. Braun

New Castle Ministerial Association met on Monday morning in the First Presbyterian church, North Jefferson street, with the vice president, Dr. Robert F. Galbreath in charge in the absence of the president, Rev. James N. Rainey. Rev. Howard Redmond conducted the devotions, with Rev. A. E. Simon at the piano.

Rev. Braun gave a final report on the religious survey committee and announced that soon the cards would be sent out to the various ministers of the city. Dr. Galbreath discussed the religious education program that is planned and what is being done about it. A report was also given by Rev. Owen Shields on the memorial service to be held in the city prior to Memorial Day.

The speaker of the day, Rev. George Braun told in an effective manner the early days of the Methodist church dwelling at some length on the initial period in the history of the church. Following the well received address, Rev. H. J. Payden closed in prayer.

Negro Faces Charge Of Kidnapping Girl

McKEESPORT, Pa., March 16.—(INS)—Wilford Jenkins, 31, convicted numbers operator, was back in McKeesport today to face charges of forcing a young woman to accompany him to New York.

Jenkins and Betty Popp, 24, McKeesport were found in a New York rooming house.

The girl's family said Jenkins "kidnaped" Miss Popp last Wednesday to force her brother to drop the perjury charge which grew out of an alleged attempt of Jenkins to secure a marriage license for himself and Miss Popp.

Jenkins is scheduled for trial March 23 on the perjury count.

Sentence Brothers To Mental Hospital

GREENSBURG, Pa., March 16.—(INS)—Edward and Joseph Thompson were sentenced to be committed to the Huntingdon Mental Hospital for defective delinquents Monday by Judge Edward G. Bauer.

Judge Bauer's directive ended a six weeks' investigation into the death of three-year-old Evelyn Thompson, niece of the defendants.

The Thompson brothers were arrested after Edward allegedly confessed to the rape-murder of the girl who disappeared on August 26, 1941.

Kaiser Out With Four New Models

No Advance In Prices Scheduled For New Models Of Kaiser-Frazer Now Being Shown

Four new models have been introduced by Kaiser-Frazer for 1948, which are now being shown at the Fregel Motor company, Inc., local dealers, 1211 Moravia street, at no increase in price.

While other manufacturers are increasing prices, Kaiser-Frazer is able to hold the old price line because it controls its own supply of raw materials. In the new 1948 Kaiser, Frazer, Kaiser custom and Frazer Manhattan are embodied all the features which others have tried to copy since Kaiser-Frazer design was introduced in 1947.

All this is available, plus the many refinements made possible by "years ahead" engineering and design.

Fewer Bridges Listed On State Highway System

Department Of Highways Reports
147 Fewer Bridges In January
Than In January Of 1947

HARRISBURG, March 16.—Progress was made last year by the Department of Highways in reducing the number of posted bridges on the state system.

There were 147 fewer posted structures on the system January 1, 1948, than on the corresponding date in 1947.

At the beginning of the current year the department listed 4331 posted bridges as compared with 4478 on January 1, 1947. Three years ago the number of posted structures was 4790.

The 1945 session of the General Assembly made the department responsible for 208 bridges in cities. These structures would cost at least \$35,000,000 to replace, engineers estimate. Those additional placed under the department boosted the number which had to be posted from 4299 on January 1, 1946 to 4778 on the corresponding date of 1947.

On January 1, 1945, the department list included 4790 posted bridges of which number 615 were on the primary system and 4175 on the rural routes. Bridges are posted for both load limits and clearance.

Bridges Of Present Year

The number of posted bridges as of January 1, 1948, by engineering districts are as follows:

District 1—Franklin, primary system 37, rural system 525.
District 2—Clearfield, primary system 31, rural system 176.
District 3—Williamsport, primary system 65, rural system 470.

District 4—Scranton, primary system 72, rural system 475.
District 5—Allentown, primary system 50, rural system 214.
District 6—Armstrong, primary system 67, rural system 192.

District 8—Harrisburg, primary system 64, rural system 532.
District 9—Hollidaysburg, primary system 72, rural system 246.
District 10—Indiana, primary system 68, rural system 336.
District 11—Pittsburgh, primary system 23, rural system 164.
District 12—Uniontown, primary system 38, rural system 414.

Field Accountant Will Make Address

L. G. Burgnon, chief field accountant of the Pennsylvania Bureau of Employment and Unemployment Compensation at Harrisburg, Pa., will speak before members of the Western Pennsylvania Personnel association at a dinner meeting to be held in the Castleton hotel Friday, March 19.

Mr. Burgnon is a graduate of the University of Michigan, taught accounting at Gannon college, Erie, Pa., and has been with the state bureau since its inception in 1937. He was appointed to his present post in 1940.

His subject will be "Merit Rating" and concerns the rate of tax on payrolls for unemployment compensation.

Zoning Hearing Set For April 8

Council Favors Ordinance To Change Zoning On Euclid Avenue

OTHER COUNCIL ACTION MONDAY

Councilman Gibson presented a motion at council session in City Hall Monday which passed, ordering out of committee, with a favorable report, a measure putting Euclid Avenue in a B zone, which will allow the construction of an apartment house. Pending final passage, the bill will be sent to the Planning commission, and a hearing will be held in city hall, April 8.

Council has decided to report unfavorably from committee, a bill, which would place one half of Summer Avenue and one half of Euclid Avenue in a D zone. A hearing on this bill is docketed for March 22. The action will be taken after the hearing.

State of Pennsylvania today allotted to the City Police Pension fund \$5,094.51, as the fund's share of the tax on foreign fire casualty companies doing business here. The city treasurer was empowered to cash the check and place the money in the pension fund.

Ralph Thomas today requested council to permit a trench to be excavated for water service. On motion of Sewers Director Gibson the locality will be checked, after which council will provide an answer to Mr. Thomas.

Council authorized payment of \$312.92 payment for Workmen's Compensation to the McBride & Shannon firm.

It was reported that parking receipts for February amounted to \$2,725.50.

SUBSTITUTE DINNER GUEST

"A few days ago I was invited to a dinner party at a friend's house. I declined the invitation because it was a last-minute affair. She asked me to substitute for someone unable to attend. I pleaded a previous engagement because I thought it insulting to be just an after-thought—considered as a substitute. Do you agree with me?"

Answer: It all depends upon the circumstances. Only a very good friend should be called upon to do such a great favor... a friend who had previously been entertained by the hostess. And the hostess should be very diplomatic in approaching her substitute. She might say something of this sort: "Peggy, I'm in a spot and hope you can help me. Tomorrow I'm having a dinner party and one of my guests is unable to come. Will you do me a big favor and come in her place?"

No one should be embarrassed or insulted when approached in that way. The guest who thus obliges a hostess should be repaid very soon with a bona fide invitation.

So, if you are a good friend of the hostess, you should have accepted, if you were free. On the other hand, she should not have asked you thus to "fill in" unless she had previously entertained you and unless she knows you well. Question: I am a young married woman. I have two or three neighbors whom I frequently call on the telephone. We do not call one another by our Christian names. Should I announce myself "Mrs. Jones" when I call?

Answer: Even though your acquaintance has not reached the first-name stage, you should announce yourself as "Anne Jones" and not "Mrs. Jones."

Miss Marrel will promptly mail personal answers to questions from any reader inclosing a self-addressed, stamped envelope.

THE WORLD AND THE MUD PUDDLES

(Continued from Page Four)

None of the nations to whom we have extended aid and assistance have shown any appreciation for it. The majority of the supplies that have already been sent have been diverted to the military officials; particularly in Yugoslavia. One of the provisions of the "Plan" is to give Ireland (Eire, if you will) nearly one-half billion dollars of relief, when Ireland was entirely free from any cost of the war and is enjoying a great deal of prosperity.

If there is danger of World War III the Marshall Plan will not avoid that danger. We might just as well say: "Nothing doing" and see where the cat jumps.

MAKE PLANS FOR EASTER PROGRAM AT COUNTY HOME

Members of the ladies' auxiliary to the Chaplain of the Lawrence County Home met Saturday afternoon in the First Presbyterian church to make plans for an Easter program to be given for the residents of the Lawrence County Home. Mrs. F. P. Sulmonetti, president, was in charge, with Mrs. Kenneth Lutz offering the opening prayer.

The date set for the program was announced as Tuesday evening, March 30, with Mrs. Joseph MacKenzie planning the program. Following the service refreshments will be served by the committee, including: Mrs. Joseph MacKenzie, Mrs. A. W. Hanna, Mrs. Jesse N. Kerr, Mrs. D. W. Nesbitt and Mrs. Kenneth Lutz.

Another program has been planned for the home sometime in June.

SAVE THAT TOOTH

Most people do not seem to realize the importance and value of their teeth.

They misuse them and neglect them. Cavities are allowed to form and get larger and larger till the tooth is lost.

The care of the teeth should begin with the very first one which a child gets.

The baby teeth or milk teeth should be looked after as carefully as the second or permanent set. Cavities should be attended to as soon as they appear. The school dentists inspect the teeth of the pupils, but children should have their teeth looked after long before they start to school.

Medical Society To Meet In Harrisburg

HARRISBURG, March 16. (INS)—The state medical society announced today its secretaries and editors annual two-day conference will open at Harrisburg Thursday.

Better rural medical services will be the chief topic on the agenda the society reported. More than 200 doctors from 60 counties are expected to attend.

from the Communists. The U. S. Foreign Service was not geared to that task. Here at home Socialists and Communists are too often lumped together, and the Socialists, who should be our friends, forced into the camp of the enemy.

Dynamic Program Too often in recent weeks the European recovery program has been talked about as though it

were a kind of bribe through which the U. S. would buy the votes of Europeans. That was not the concept of Secretary of State George C. Marshall last June. It was put forward as a dynamic program for the reconstruction of Europe—a working partnership for rebuilding a free world.

That is the concept which must be kept before us. As a bribe, the program is bound to fail; a failure which some people seem not only to anticipate but desire.

Realistic military power is essential to show that the U. S. means to back up the stand it has taken. But in the long pull mil-

itary power cannot win the contest with the Soviet Union. This is the theme of a remarkably useful little book which has just appeared—"How to Stop the Russians Without War" by Fritz Sternberg. With great conciseness and clarity, the author shows how the attraction of the United States must be that of a dynamic democracy supporting the forces of progress throughout the world and demonstrating how the Soviet Union actually stands for reaction everywhere. The truth of this needs to be driven home now. (Copyright, 1948, by United Feature Syndicate, Inc.)

United Plant Foremen's Club Has Meeting

On Friday evening the Foremen's Club of United Engineering and Foundry Company's New Castle Plant held its regular monthly meeting at the New Castle Country Club. After a delightful dinner, President S. J. Turner welcomed the guests and introduced F. F. Brooks, Jr., Assistant Plant Superintendent, who excelled in his roll as toastmaster.

The guest speaker of the evening was Maurice P. Sieger, United's Vice-President in Charge of Engineering. Mr. Sieger, having spent considerable time recently in Europe, was well qualified to speak on his topic "Conditions in Europe," and his unbiased opinion was well received and thoroughly enjoyed by the large gathering. Howard B. Cummings, plant superintendent, spoke briefly to the group, voicing his appreciation of the number of guests present, after which toastmaster Brooks individually introduced:

K. C. Gardner, Jr., Vice-President in Charge of Operations, United Engineering and Foundry Company, Pittsburgh, Pa.
J. W. McIlwraith, President, Associated Box Corporation, New Castle, Pa.
Thomas C. McClain, Vice-President, Standard Steel Spring Company, New Castle, Pa.
Charles H. Johnson, President, Lawrence Savings & Trust Company, New Castle, Pa.
W. W. Lusk, Sales Engineer, United Engineering & Foundry Co., Pittsburgh, Pa.
R. C. Seaton, Assistant Manager of Design Engineering, Adamson United Company, Akron, O.
G. V. Kullgren, Manager of Contract Engineering, Adamson United Company, Akron, O.
Mr. Redcliff, Francis Shaw Co., Limited, England.

H. D. Kuthe, Plant Superintendent, United Engineering & Foundry Co., Youngstown, O.
L. Fallacker, Westinghouse Electric Corporation, East Pittsburgh, Pa.
L. O. Jennings, Mechanical Engineer, Westinghouse Electric Corporation, Sharon, Pa.
The program chairman, Stanley Daniels, had United's photograph-er, J. Engel, Jr., show movies of the world's largest Plate Mill which is owned by the Lukens Steel Company at Coatsville, Pa., and was built by United Engineering and Foundry Company. Also shown in action was the new "Mile-a-Minute" Strip Mill at Weirton, West Virginia, a recent installation by United. These pictures produced a sensation of accomplishment to the men of United who had played a part in the creation of these mills.

One biography of Caruso says that the great tenor warmed up his voice before singing with a few light notes and other simple exercises. The account goes on: "Then would come the inebriant; after that a pinch of Swedish tobacco snuff to clear the nostrils; finally a gargle of lukewarm water and salt. Then he was ready for a sip of diluted whiskey—and the stage."

Veterans Can Enroll For Service Within Second Army Area

Men Who Can Qualify Will Be Assigned To Duty In Close Proximity To Their Homes

1st Sgt. Jerry Stein of the local U.S. Army and U.S. Air Force Recruiting Station today announced that it is possible for many veterans to enlist in the Army and be able to choose your organization within the Second Army Area. Any man enlisting for one of these organizations is guaranteed assignment for a minimum period of one year, and perhaps will remain with said organization for the entire period of enlistment. To qualify for such an assignment, a man must have had prior service in any branch of the Armed Forces (Army, Air Forces, Navy, Marine Corps, or Coast Guard) terminated by honorable discharge on or after May 12, 1945, and hold an MOS which is needed in that particular organization. Different MOS's are needed at the various Camps and Forts, and it is impossible to list all shortages here. One can also return with as high a grade as held at the time of discharge if the MOS was held the required length of time.

For further information concerning assignment to organizations within the Second Army Area, contact Sgt. Stein at the local recruiting station located in Room 202, Post Office Building, or telephone 7593.

Relief Rolls Show Increase

HARRISBURG, March 16.—(INS)—The department of public assistance said today that the seasonal rise in relief rolls had "slowed" during February but that 308,922 indigents were listed during the week ended March 6. The net increase last month totaled 5,095 persons compared with a January increase of 6,348 persons, the DPA reported.

"According to past experience, a turn for the better may be expected within the next two months," the department asserted. Public dependency is roughly about 15 per cent of the 2,035,000 persons listed on relief rolls at the all-time peak established in May, 1933, according to the department.

Utah Centennial Chorus To Sing

"Utah Centennial chorus," named in honor of 100 years of progress among the Mormon people in Utah during the past century, will present a concert at the First Congregational church, 100 East Reynolds street, Saturday, March 20, at 7:30 o'clock.

The chorus, composed of ten missionaries, is assigned to the area immediate to Philadelphia and has had opportunity to sing over most major radio stations of that vicinity. In touring Pennsylvania and New York state they have sung at Rotary and Lions clubs, at YMCA's and at one time gave a private concert for Gov. Thomas E. Dewey and members of his staff.

Authoress Mourns Death Of Masaryk

Marcia Davenport Reported Prostrated With Grief In London, Authored Two Best Sellers

HOLLYWOOD, March 16.—(INS)—Author Marcia Davenport, who wrote best sellers "East Side, West Side" and "Valley of Decision," was reported prostrated with grief in London today over the death of her friend, Czech patriot Jan Masaryk.

M-G-M Head Louis B. Mayer, who purchased "Valley of Decision" for a movie, talked to her yesterday by phone from Hollywood, urging her to return to this country, but Miss Davenport was reported so grief-stricken over

Masaryk's death that she was unable to leave London.

Miss Davenport bought a house three years ago in Prague. A few hours before his death last Tuesday, Masaryk took her to the Czech border to leave.

Literary Agent Carol Brand was reported en route to London to be with Miss Davenport until she recovers.

Communists To Be Barred From Government Jobs

LONDON, March 16.—(INS)—Prime Minister Clement Attlee said Monday that all known members of the Communist party will be barred from government employment affecting "the vital security of the state."

Attlee told the House of Commons that persons associated with the Communist party "in such a way as to raise legitimate doubts of their reliability" will be included in the ban.

He added that it will also include persons "known to be actively associated" with Fascist organizations.

Foreign Affairs Undersecretary

Christopher Mayhew told the House that the British government will not permit export of "warlike materials" to any Communist-dominated country.

The prime minister's announcement was received with cheers, mingled with a few shouts of protest.

U. S. Will Cut Off Aid To Italy If Reds Win Election

By JOHN A. REICHMANN
(U. S. Staff Correspondent)

WASHINGTON, March 16. — The United States will cut off all financial and rehabilitation aid to Italy if the Communists win the Italian elections on April 18.

This policy was disclosed today by Michael J. McDermott, special adviser to Secretary of State Marshall at a news conference.

Italy is one of the principal nations which would receive aid from the European recovery program just approved by the Senate.

In making his disclosure, McDermott said:

"The Communists in Italy have said that they don't want ERP and if the Communists should win, which we cannot believe will be the case, knowing the spirit and feeling of the Italian people, there would be no further question of assistance from the United States."

May Give New Policy
McDermott's statement came as reports persisted that President Truman might announce a new policy aimed at halting Soviet expansion in Europe.

Authoritative congressional sources, however, said that before the White House takes any action along this line, Mr. Truman would confer with Republican and Democratic members of Congress.

One responsible informant doubted that the President would say anything on tense international picture before next Monday.

McDermott made the American government's position clear in denying a press report from Paris. This report said that the United States planned to issue a statement on relations with Italy if the Communists take over that country either by victory at the polls on April 18 or by a coup.

Says Many Auto Drivers Lax In Light Dimming

According to a survey made public today by R. B. Maxwell, Pennsylvania Motor Federation, headlight glare is the chief nemesis of millions of night motorists.

Said Mr. Maxwell, "Approximately one third of all motorists either forget or refuse to dim their lights when approaching another vehicle. Such negligence is illegal in 43 states and one of the main causes of the nighttime accident toll."

Some of the deficiencies revealed by the survey include: Many automobiles have oldstyle, inadequate lighting, drivers are too lax in dimming their lights and they are incorrectly focused or have one or more blacked out.

Advice for safer night driving consists of dimming your lights well in advance of an approaching motorist, keep your eyes on the centerline, not on the lights of an approaching vehicle and check front and rear lights frequently.

Many people believe that a fear of snakes is inherited from remote ancestors who lived in peril from them. It is not true, however. That sort of fear is not handed down through inheritance, but a fear of snakes is so widespread that a child can hardly grow up without being warned about them.

Commission Will Visit R.P. Church

Group From R. P. Pittsburgh Presbytery To Be At Local Reformed Presbyterian Wednesday

On Wednesday evening, a commission from Pittsburgh Presbytery will pay a visit to the New Castle Reformed Presbyterian church, on Oak street, from seven to nine thirty o'clock.

The purpose of the commission is to investigate the activities of the local congregation, and suggest improvements in its procedure, and to assist in solving any problems that the local church may be encountering.

Dr. John Coleman of Geneva College will be moderator of the Commission and will be assisted by Rev. David Carson, pastor of East Vale congregation. Two elders from the Beaver Falls district are also members of the commission.

All the officials and members of the local congregation are expected to attend this meeting. Official reports will be made by the pastor, the session, board of deacons, missionary society, and the Sabbath school.

COOKING FROZEN MEAT

Whether or not to thaw frozen meat before cooking is a question of importance to the many housewives today who are using meat from home freezers and freezer lockers and are interested in the best method of cooking it.

An answer to this and other cooking questions comes from Isabel Nobel of the Minnesota Experiment Station who recently carried on a series of cooking tests with frozen meat.

Equally satisfactory results may be obtained by thawing meat before cooking and by putting the meat on to cook while still frozen. Miss Nobel reports, if cooking time and temperature are adjusted accordingly. Unthawed meat needs considerably longer time to cook and always a moderately low temperature so that the meat can thaw in the first part of the cooking and cook to the desired doneness during the last part.

Slow-thawed and fast-thawed meat give equally good results in cooking, Miss Nobel reports. She found no difference in flavor, juiciness and shrinkage between the meats thawed slowly in the refrigerator and thawed rapidly out on the kitchen table. No exact time for thawing can be given because the thawing depends on size, shape, thickness and other characteristics of the meat. But roughly, a 4-pound roast takes from 1½ to 2 days to thaw in the refrigerator and 8 to 10 hours to thaw at room temperature, and an inch-thick steak takes overnight in the refrigerator but only 4 hours at room temperature.

After thawing the meat should be cooked by the same methods used for a similar cut of fresh meat. Moderate temperature now are recommended for both roasting and broiling. Roasting in an open pan with no added water without searing first is another recommendation.

Meat is put on to cook while still frozen, it takes much longer to cook, and the temperature should be moderately low. A beef roast put into the oven frozen takes from 2½ to 3 times longer to cook "rare" and as much as 4½ times longer to cook "well done" than a thawed or fresh roast. A frozen inch-thick steak takes 3 times as long to cook "rare" and 4½ times as long to cook "well done" as a thawed or fresh steak. A good deal of heat is required to melt the ice crystals before actual cooking of the entire piece can get underway.

Unless plenty of time and moderately low heat is allowed for frozen meat, the outside of the piece may be overdone while the inside is still frozen. This may happen not only to large pieces like roasts but even to steaks which are broiled at high heat.

Not so much extra time is needed when frozen meat is used for pot roasts or stews as when cooked by the dry heat of roasting or broiling. A frozen pot roast of moderate size will need 45 minutes to an hour longer to cook than a thawed or fresh pot roast.

Even the best cooking methods, Miss Nobel says, will not make up for poor quality in the meat. Freezing does not improve the quality. It simply may increase the tenderness slightly.

Duff Sets April 2 'Free School Day' In Pennsylvania

HARRISBURG, March 16—(INS)—Gov. James H. Duff has proclaimed April 2 "Free School Day" and called on citizens to renew their interest in providing educational opportunities for all children.

The governor explained that the free school act which became operative April 1, 1934, made possible the commonwealth's education system now embracing 1,530,000 pupils, 59,000 teachers and 9900 free public schools.

"Pennsylvania is rated first among the states in the soundness and equity of the financial system which supports its educational facilities," the governor asserted.

"Equal educational opportunities for the children of all of our citizens has been ingrained in the life of Pennsylvania for so many generations that sight sometimes is lost of the genesis of this system."

More than \$700,000,000 was invested in school buildings and land, while the total annual operating cost of the state's educational facilities was more than \$225,000,000, he added.

Court Will Rule On 'Obscene' Book

WASHINGTON, March 16—(INS)—The supreme court agreed Monday to decide whether New York state violated constitutional guarantees of a free press in suppressing Edmund Wilson's "Memoirs of Hecate County" as an obscene book.

The high court granted a plea by Doubleday & Co., publishers of the volume of stories, for review of state court rulings that the book came under a state ban on "lewd, lascivious, filthy, indecent or disgusting" publications.

The publishing firm argued that this statute should not be applied to "a bonafide work of literature and asked the high bench to set proper guide" for the "delicate task" of judging the obscenity of a literary work.

Politics Ban Is Removed

Federal Judge Rules Political Expenditures Ban In Taft-Hartley Law Invalid

INDICTMENT OF MURRAY DISMISSED

WASHINGTON, March 16.—(INS)—A federal judge ruled Monday that the Taft-Hartley law ban on political expenditures by unions is unconstitutional and dismissed an indictment against the CIO and its president, Philip Murray.

U. S. District Judge Ben T. Moore declared that the statute "fails to survive the constitutional test" and that the questioned portion is an "unconstitutional abridgement of freedom of speech, freedom of the press and freedom of assembly."

Jesse Climenko, special assistant to the attorney general, announced that the government would appeal Judge Moore's decision "immediately."

He said he was confident the government could by-pass the appellate court and carry the case directly to the supreme court.

Murray and the CIO were charged with violating the Taft-Hartley law by giving, through the CIO News, political support to a congressional candidate.

Lester Klein Dies Today At Carrick

Peyton Jury Hears Deathbed Statement

PITTSBURGH, March 16.—(INS)—The jury in the murder trial of Charley Peyton, Pittsburgh nightclub owner, today was considering as evidence the deathbed statement of Mrs. Mary Peyton.

The statement finally was admitted as evidence in the case late Monday over the strenuous objections of Defense Attorney Charles J. Margiotti, who three times before had prevented its admission.

County Detective Sergeant Samuel Riddle told the court that Mrs. Peyton told him just before she died in a Pittsburgh hospital:

"Charley and I were in the kitchen when a knob came on the front door. He grabbed a gun and we started out and got out to the kitchen door. I turned around to go back with him and he shot me."

In answer to a question as to whether she could see Peyton in the darkened room of the night-club, Sgt. Riddle said Mrs. Peyton told him:

"Yes, I could see him, and he could see me."

Peyton had contended the shooting the night of last June 26 was accidental, and that he did not know his wife was near him when he fired to frighten revelers.

Sgt. Riddle said that in answer to a question as to whether the shooting was accidental or on purpose, Mrs. Peyton replied:

"On purpose."

The statement was ruled as a "dying declaration" by Judge William H. McLaughlin, and consequently, privileged testimony.

The trial, in its second week, is expected to continue for at least two more weeks.

RED CROSS DRIVE GAINING IMPETUS

General chairman Harry Helmick today stated that the county's Red Cross campaign for funds is advancing towards the goal of \$35,000 but not with the speed he had hoped.

"Unofficial returns show that we have about \$23,500 so far," he said, "but we need a concentrated effort on the part of the division leaders and their workers to put the campaign over the top."

Mr. Helmick said that many of the groups, which have not yet submitted complete reports, are expected to do so this Friday when the next report is made at the chapter house.

The chairman urged workers in all divisions to make a greater effort to realize a greater total at the report session.

Procedure For Calling Firemen In Union Township

Fire Lieutenant Jerry J. Ammons asks the cooperation of the citizens of Union township in reporting fires, to use the following rules as an aid to the fire company as well as the citizens of the township in the prompt arrival of the fire truck.

(1) Fire station call 1066. Please have this number on or near your phone for quick emergency use.

(2) Please do not call city fire department as call is only transferred to Union township fire station, causing a delay of trucks arriving at the scene of the fire.

(3) Please give correct address and type of fire; house, barn, grass, etc.

(4) Call fire station first and then try and extinguish fire, not vice-versa, as this is another cause of delay of fire trucks arriving at the scene of the fire.

(5) If at all possible, have or cause to be had, an auxiliary water supply available in buckets, pans, water cans, garden hose, etc., before and after truck arrives at the scene of fire, which can be poured into booster tank of truck. This is a most essential aid to the fire company in fighting fires in rural districts where there are no fire plugs to draw water from.

Spain Arrests Red Group

MADRID, March 16.—(INS)—The Spanish government announced today the smashing of a clandestine communist group in Seville and the arrest of 60 of its members.

The police raided the offices of the group, where underground communist newspapers Mundo Obrero Juventud and Democrito were printed.

Membership files and documentary evidence which was said to contain vast plans for communist activities in Seville and other cities were seized.

Branches Set Up
The crackdown on the communist offices followed the arrest of Ricardo Beneyto, who, according to police, smuggled himself into Spain from Toulouse, France. Beneyto was said to have been under orders to organize a communist underground in Seville.

Three other alleged communist leaders were arrested. One of them, Jose Mario Fernandez, was believed to have come from Russia.

The communists were said to have established branches in several villages in Seville province and to have formed cells in the port of Seville and various key factories.

Reports Given At District Sabbath School Conference

Plan Easter Morning Early Service To Be Conducted In Mt. Hermon Presbyterian Church

At the quarterly meeting of the officers of the Slippery Rock district of the Lawrence County Sabbath School Association held in the Oak Grove U. P. church, reports of the work done in the past number of months were given and several new prospects were discussed.

The evening meeting opened with a devotional period led by the host pastor, Rev. J. L. Ayers. The following officers were present and took part in the conference: President, Mrs. C. W. Cochran, secretary, Miss Mary Jane Wilson; young people, Miss Mildred McElwain; adult, Miss Mary Ramsey; leadership, Mrs. Clarence Bowden; administrative committee, Mrs. F. R. Weisz.

Mrs. Clarence Bowden of the leadership training group reported a district class meeting each Monday evening in the Princeton church with the total enrollment of 35. Miss Mary Ramsey, superintendent of the summer Bible school was authorized to direct plans for a district summer Bible school to be held in Slippery Rock high school building early in June.

The youth superintendent, Miss Mildred McElwain, told of the plans of the District Youth Council for an early morning Easter service to be conducted on Easter Sunday morning in the Mt. Hermon church at 8 o'clock.

Rev. Ayers, district superintendent of Bible in the schools, gave a report that during the school year, two classes in Bible have been conducted in Slippery Rock Township High school, meeting one hour a week. Rev. W. F. Holmes, chairman of a special committee for the enlarging of the scope of Bible instruction in Public schools, reported that efforts were being made in Bible training schools to secure a certified Bible teacher.

Tentative plans were made for a Spring Rally to be held in the Neshannock U. P. church early in May and the fall Convention to be held in the Mount Hermon Presbyterian church late in September.

The budget committee recommended a budget that would anticipate 15 cents per member from the total membership of each Sunday school, this including officers and district expenses and district contributions to the County Association not including the district support of the Summer Bible school in the Public schools.

Forrestal Will Push Defense

Military Training Plan Is Stressed

WASHINGTON, March 16.—(INS)—Defense Secretary Forrestal carries his fight to Congress today for adequate defense funds, universal military training and an integrated defense program.

Forrestal, just back from a defense planning conference in Key West, is making at least three appearances on Capitol Hill this week. The first appearance is a meeting today with the House Appropriations Committee on military funds.

The secretary's next scheduled visit to give testimony is Thursday, when he will appear before the Senate Armed Services Committee to plead for universal military training.

In addition, Chairman Andrews (R. N. Y., of the House Armed Services Committee said that Forrestal will confer with Republican Congressional leaders sometime this week. Neither Andrews nor Forrestal would reveal the subject of the talks.

Five Westminster Girls Will Attend Debate Convention

NEW WILMINGTON, March 16.—Five Westminster college women will attend the annual Pennsylvania Debaters convention at Penn State on March 18.

Lou Cummings, New York City, heads Westminster's delegation. She is one of the three Pennsylvania college women selected to be chairmen of the legislative assembly.

Debating for the New Wilmington coeds will be June Bender, Pittsburgh, and Lynn Leary, Williams, N. Y., for the affirmative. Maryann Rehm, Pittsburgh, and Ellen Rutherford, Washington will take the negative.

Melvin P. Moorhouse, assistant professor of speech and debate coach will accompany the debaters.

The men's debate team will participate in the national debates to be held at the University of Virginia during spring vacation.

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag every time you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Wallace Campaign Funds Coming In

Sizeable Contributions Are Being Reported

WASHINGTON, March 16. — (INS)—Sizeable contributions are pouring into Henry A. Wallace's campaign coffers.

More than \$100,000 was spent during the first two months of the year on behalf of Wallace's third party presidential candidacy.

This was disclosed today in reports to congress by the national Wallace for president committee and the Progressive Citizens of America, the two major national groups which are supporting the former vice president.

Contributions and expenditures for the two groups exceeded during January and February those of the Republican and Democratic national committees, whose major activities are being held in abeyance pending the selection of the party nominees.

Campaign contributions received by two Wallace groups do not include funds being raised by other organizations supporting Wallace, such as the American Labor party in New York, state PCA chapters and local and state Wallace committees.

Noteworthy is the fact that January and February contributions to the national Wallace campaign committee generally were large. Seventy people contributed \$35,150 in amounts ranging from \$100 to \$5,000, the statutory limit. Donations of less than \$100 added another \$10,497, bringing total receipts for the two months to \$63,647.

Importance Of Baking Industry Told Rotarians

Bakers Are Seeking To Regain Importance Lost During War By Curtailments, Speaker Says

Bakers of the United States are seeking to bring back the per capita use of flour, which has steadily declined in the past 50 years, New Castle Rotarians were told by C. D. Sanderson of Pillsbury Mills, Inc., in an address at the noon luncheon meeting of the club in The Castleton on Monday.

Mr. Sanderson stated that the

baking industry in this country represents 30,000 factories, which do two and a half billions dollars worth of business in a year's time.

Around the turn of the century, the per capita consumption of flour, made into various bakery products, amounted to 205 pounds per capita. There was a decline in this amount to 167 pounds in 1941, the outbreak of World War II, but this was increased during the war. Last year, however, the per capita consumption was only 145 pounds, due in some measure to the conservation program, which the government urged.

Now, with scarcities and restrictions removed, the baking industry is instituting a campaign to bring the per capita consumption up, Mr. Sanderson stated.

Mr. Sanderson spoke through the interest of Fred Ullrich.

Expedition Seeks Sign Of Pilgrims, Caribbean Island

PHILADELPHIA, March 16. — (INS)—Traces of pilgrims who landed on a tiny Caribbean island are being sought by an expedition which left Philadelphia recently.

The scientists will study the wild life of the island and attempt to learn whether certain types of land mollusks and plant life commonly found on the mainland can be found on the islands.

A spokesman for the Academy of Natural sciences in Philadelphia explained:

"The pilgrims lived on the island of Old Providence which is only about four miles in diameter. Henry Morgan, a leading pirate of the time, landed, attacked the pilgrims and drove most of them from the islands. He and his members were in turn wiped out by Spanish forces."

Bus Operators Face Violation Bus Parking Law

Ultimatum Given To Operators To Cease Parking Of Buses In Pittsburgh Streets

PITTSBURGH, March 16. — (INS)—Operators of suburban buses in Pittsburgh have been handed an ultimatum to cease parking on city streets or face arrests for violations of the bus parking law.

The order came as suburban buses, arriving in downtown Pittsburgh before departure time, caused traffic jams on streets. Especially during the morning and evening rush hours.

The law provides that a bus driver can stop only long enough to discharge and load passengers. But in five days, plain clothesmen reported a total of 470 violations. Donald M. McNeill, chief traffic engineer for the city, said.

McNeill said the law provides a \$50 fine if a bus driver "lays over" until departure time.

Mayor David L. Lawrence told the bus lines to use the new downtown bus terminal or to lease space recently cleared at the site of the razed Washburn freight terminal in downtown Pittsburgh.

Burry Has Had Amazing Success At Westminster

(Special To The News)
NEW WILMINGTON, March 16.—Harold Burry's amazing success with Westminster college's minor sports program took another bound forward with the recapitulation of the recently completed swimming season.

After directing highly successful soccer and cross-country teams during the fall, Burry, assisted by Joe Ferris, coached the Titan swimmers into national limelight by losing but one meet in 12, and capturing the district honors by sweeping the Penn-Ohio meet at Carnegie Tech.

Only One Defeat
The single loss was to Penn college of Cleveland. Penn's brilliant Dick Bushee, a sure-fire bet for the U. S. Olympic team, was the major factor in the Penn victory.

Ted Holt, backstroke artist from Pittsburgh, was the key man in the Westminster victory parade. Holt, not only remained unbeaten in his specialty for the second straight year, but eclipsed seconds from pool records everywhere he swam.

Topping his accomplishments was a record breaking performance in the Penn-Ohio meet when he swam the 150-yard backstroke in 1:49.8.

Backing up Holt in the point producing department were Jerry Simon, Erie, Bill Wallace, New Castle, Charlie Pitcher, Mt. Lebanon, and Bob Hall and Harry Nelson, Pittsburgh.

Violets Swamp DePaul, 72-59; W. Ky. Routed

Ray Lumpp Of N.Y.U. Individual Star With 29 Points; Big Game Wednesday

By LES CONKLIN
(International News Service Staff Writer)
NEW YORK, March 16.—A corking battle between New York University and St. Louis in tomorrow night's final for the national invitation basketball tournament championship was assured today by their brilliant victories in last night's semi-finals.

N. Y. U., seeded second but a one-point underdog last night, showed more drive and hustle than at any time this season. The Violets, thought to be handicapped by the illness of Don Forman, their little set-shot star, amazed even their fondest admirers by swamping DePaul 72-59.

New York's total, only three less than the 75 points rolled up by DePaul in its quarter-final victory, was a tribute to Ray Lumpp, fast-breaking forward who racked up 29 points last night for the highest individual score of the tourney to date.

Tomorrow night's title clash may be a duel between Lumpp and big Ed Macauley of St. Louis, who with 19 points led the Billikens to a 60-53 victory over top-seeded Western Kentucky last night. Macauley crossed up the opposition in the quarter-finals by feeding the ball to his mates, but last night he reverted to his usual role as high scorer for the Billikens.

Schatzmann Helps
Macauley was ably seconded by Marvin Schatzmann, the outside-shooting expert of the Billikens. Western Kentucky stalled the fast break of St. Louis at the start and rolled up a 20-10 lead, but the tide turned when Schatzmann entered the fray and started dropping side shots.

Schatzmann and Macauley finally gained the Billikens a 25-25 deadlock in the dying moments of the first half, and Macauley sparked mates to victory after intermission.

Don Ray, with 15 points, was high scorer for Western Kentucky, which will meet DePaul in tomorrow night's opening "consolation" game for third place in the tourney.

N. Y. U. gained its first invitation tourney final with a sparkling brand of inspirational team play. The Violets got off to a 12-6 lead only to have DePaul rally for a 17-17 deadlock.

Violets Draw Away
Then N. Y. U., taking advantage of DePaul's inability to switch, drew away into a 34-23 lead. This margin was cut to 37-32 at half-time.

The Demons knotted the count at 47-47 with a desperate rally in the first part of the second half, but the Violets retaliated by outscoring their rivals 17-2 in a 5½ minute span and as a result won by a totally unexpected margin.

Ed Mikan, brother of the famous George, scored 20 points for DePaul and Whitey Kachan second to him with 10, but Joe Dolbow, N. Y. U. guard, did not allow the dangerous Pete Corrales a single field goal. But all of them were outshone by the dazzling Lumpp.

Southside Rod And Gun Club Activated

The Southside Rod and Gun club at a recent meeting on Croton avenue made plans for a fishing trip this year to Canada. The trip will be made the first week in August, according to plans. Andy Marx is the president of the newly organized club and Vincenzo Cennamo is secretary. The next meeting will be March 20 at Wahles garage on South Jefferson street.

The club plans to back up wild life and shelter building. At their recent meeting the club members enjoyed motion pictures of game and wild life.

Legion Quint Repels Calabra Club, 46-42

With the largest crowd of the season looking on, the American Legion kept their second half slugging in the C-1 league clean, dumping the Calabra club passers, 46-42, in a torrid battle.

Paced by Cavelli and Potter, the Legionnaires took the first heat, 11-9, and managed to keep ahead most of the game. Ross, with 14, and Congini, with 11, were high men for the Caly club.

In Church league affairs, the First Congregationalists nipped the Crotons, 38-33, led by Matthews' 18 markers. Don Reed chipped in with 19 points in a sub role to lead the Third U. P. to a 51-45 victory over the First Methodists in the other game.

Wednesday night the following games are on the docket: First U. P. vs. St. George, Bronze Local 69 and the United, and Shenango Pottery vs. American Legion.

Tonight in the House league the Wings and the Business College clash at 6:30 and the Shamrocks meet the Forest A. C. at 7:30.

In the Shenango Pottery inter-league game Dept 26 will meet the Gold Room at 9 p. m., while the Handle Shop and the Glowware meet at 9:45. These tilts will decide the finalists in the league.

New Castle Lions To Ride Donkeys

Will Meet Little Beaver Lions Club At Arena Wednesday, March 24

Did you ever see a lion riding a donkey?

At the Arena on Wednesday, March 24th, the New Castle Lions are going to meet the Little Beaver Lions Club, of Darlington, in a donkey basketball game, and brother if you want a hearty laugh plan to be at the Arena and see the exhibition.

It's well worth the price of admission and a laugh now days in this troubled world is really something.

The donkeys do not wear shoes, and furthermore don't even move unless given a persuader. The game is played in halves. A player must be astride a donkey to be eligible to make a basket. Some very amusing situations will come up. The donkeys are all trained animals.

The proceeds will go to the Lions Club Tailwasters. The admission is 85 cents for adults and 50 cents for children.

Clyde B. Smith Indiana Coach

BLOOMINGTON, Ind., March 16. — (INS) — Clyde B. Smith was named head football coach at Indiana today to succeed A. N. (Bo) McMillin.

Smith, who is 42 years old, has been coach at LaCrosse (Wis.) State Teachers College since 1938. He was line coach for McMillin's first Indiana University squads, 1934 through 1937.

McMillin officially relinquishes his head football job on April 1 to join the Detroit Lions as general manager and head grid coach.

Irwin-Robinson Clash For Title

Irwin high school's Black Knights can slow away their second straight WPIAL class "B" title tonight at the Pitt pavilion if they get by Robinson Township in the climax of the District 7 campaign.

The Knights, under the coaching hand of Don Rose, are heavy favorites to dispose of the Robinson passers, a courageous but apparently out-classed foe.

Irwin has its sights on its second state championship. Last year they whipped Weatherly to take the honors.

JASKEY-MULDOON SIGN CONTRACTS WITH NEW CASTLE

George "Pappy" Smith, business manager of the New Castle team of Mid-Atlantic league, announced today the signing of two more players for the club.

Frank Jaskey, Jr., a right-hand pitcher with Dormont last year in the Greater Pittsburgh league, and a resident of New Kensington, will be on hand for the opening workouts, along with Jimmy Muldoon, a second baseman with an Eastern Shore league team in 1946 who batted .313.

Promises Winner
Spring tryouts will get under way at P. J. Flaherty field on April 6, Smith stated.

We are going to give New Castle a championship team this summer," was the way Smith put it.

So far the first scheduled exhibition game will be on April 30 with the Homestead Grays.

Two More Trout Shipments Coming

Clinton White, deputy fish warden, today announced that two more shipments of trout are headed this way. Brown trout for the Little Neshaunock will arrive here Friday, March 19, at 3 p. m. at the New Wilmington post office, and the same day at the Plaingrove high school, a shipment of rainbow and brook trout will arrive for Taylor Run.

All fishermen wishing to aid in the stocking of these fish are asked to meet the trucks at the points designated.

Briefs From Major Camps

(By International News Service)
Baseball fans throughout the nation today are speculating on the trouble which Jackie Robinson, Brooklyn's great Negro first baseman, is experiencing at the Dodgers' training camp in the Dominican Republic.

Robby appears to be in duet on two counts. First he reported with a beautiful bay window and still is greatly overweight after almost two weeks of conditioning. As a result he has failed to hit a ball well, and runs sluggishly.

The second sore spot, and the one resented by Robinson, is the attitude of his team mates, who backed him up in his difficult debut last season. Some of the Dodgers who exercised faithful all winter to keep their weight down are unable to understand how Jackie allowed himself to get so far out of condition.

Robinson, denying charges that he is loafing, promises to be in shape on opening day.

Pitchers Feeble
For that matter, few pitchers appeared to be in shape in yesterday's exhibitions, which were featured by heavy hitting. Pittsburgh out-slugged the White Sox, 8 to 5, and the Cubs outscored the Giants, 8 to 6. The Braves downed the Reds, 4-3, and the Cardinals blanked Detroit 4-0.

The Yankees downed the Phillies, 10 to 5, for their seventh straight win, with Johnny Lindell hitting two homers. Yogi Berra, New York's first string catcher, hurt himself sliding and will be out for a week or 10 days.

Beagle Derby To Be Staged Sunday

Annual spring Derby trial of the Shenango Valley Beagle club will be held Sunday. The drawing will be conducted at 8:30 a. m. The training area will be closed to all training from Thursday, March 18, until after the Derby has been run.

Regular meetings are to be held the last Friday of the month, the first under this new arrangement will be at 7:30 p. m. Friday at the clubhouse.

Fritz Crisler Resigns Michigan Football Job; Remains As Sports Czar

ANN ARBOR, Mich., March 16.—(INS)—Fritz Crisler resigned as football coach at the University of Michigan today.

He will concentrate his attention, now, on the university's overall athletic program as head of Michigan's department of physical education.

The man who guided the Michigan gridiron machine through an unbeaten season, the Big Nine championship and a stunning Rose Bowl victory appointed his assistant, Bennie G. Oosterbaan, head coach of the Wolverines.

This means, of course, that the Crisler wizardry will not be lost entirely to future football students.

The university's board of athletic control approved Crisler's decision to abandon the coaching profession after 10 successful years as tutor of Michigan grid teams.

The university's board of athletic control approved Crisler's decision and lauded his choice of a successor.

Crisler was known to be toying with the idea of dropping his coaching duties and directing all his energies to supervising Michigan's athletic department prior to last season. But he wanted to win a Big Nine championship before bowing out.

However, he didn't drop the slightest hint of his plans at the end of his amazing 1947 season and his announcement was a complete surprise in every quarter.

Oosterbaan was one of the greatest athletes in Michigan's history. He excelled in baseball and basketball, as well as football, and was a three-time All-American end.

Crisler left Princeton to join Michigan in 1938. He was named athletic director in 1941 upon retirement of the late Fielding H. Yost.

Pirates Capture 11-Frame Battle From Pale Hose

PASADENA, Cal., March 16. — (INS)—The Pittsburgh Pirates had their first extra-inning victory of the training season behind them today—an 8-5 victory over the Chicago White Sox in 11 frames.

The Bucs gave Fritz Ostermueler and Elmer Singleton, who pitched shutout ball, a 4-0 lead in the sixth, but in the seventh the Sox jumped on Nick Strincevich to tie the count.

Each team tallied once in the tenth, and the Bucs scored three in the final frame for the victory.

The game marked the return to the Buccaneer lineup of Ralph Kiner and Frankie Gustine. Kiner had been out a week with a back injury, and Gustine, suffering the after-effects of a surgical operation, hadn't been at his third base post all Spring.

Umpires Will Meet Tonight

An important meeting of the Lawrence County Umpires will be held at the "Y" at 8 o'clock tonight, it was announced by the association president, Albert "Jabby" Conti. It is imperative that all members of the association attend this meeting. An invitation to anyone caring to umpire this summer to attend.

Youngstown Pair Doubles Leaders In Detroit ABC

DETROIT, March 16.—(INS)—Yesterday's standings in the American Bowling Congress tournament were reshuffled today, partly because of score keeping errors and partly because of rapid firing late into last night.

Spectators were thrilled yesterday when a pair of doubles teams moved into first place together early in the tournament. The scoreboard showed Mike Elliott and Gus Kish of Youngstown, O., deadlocked for the top spot with Bob Knoll and Elmer Faner of Peoria, Ill.

Under the pressure of the rapid rolling on the new ABC alleys, however, the scorekeepers often make mistakes. The congress' eagle-eyed auditors, who check the scores before they are entered officially, discovered that the hard-working scorers had inadvertently given Faner 10 too many pins. The correction reduced Faner's three-game total to 584 to give him and Knoll 1226 instead of 1236 and drop them to a tie for third place. Elliott and Kish took over undisputed possession of first place.

There were changes in the first 10 of the all-events as well as the doubles. Ray Benzon of Rochester, N. Y., had 1841 to take over eighth place and Leo Matson of Chicago closed with a nine-game total of 1830 and tenth place.

PHELAN QUITS GAELS

MORAGA, Cal., March 16.—(INS)—St. Mary's College, home of the Galloping Gaels, is in the market for a new football coach today, following the resignation of Jim Phelan, boss man since 1942.

Phelan has signed to coach the Los Angeles Dons of the All-American Pro Conference.

South Hills Meets Sunday

South Hills baseball team will meet at 2 o'clock at Marino's to discuss plans for the coming season. All players are requested to attend. Anyone desiring a tryout is also invited. Dale Brown, formerly of Wampum, is invited to the meeting.

EDENBURG TEAM CALLS MEETING

Members of the Edensburg baseball club have been called to a meeting in the town hall for Wednesday evening at 8 o'clock. All the 1947 performers are asked to report with their uniforms and any other players seeking tryouts are invited.

KO'S FEATURE AMA
PITTSBURGH, March 16.—(INS)—Four knockouts featured the opening of the Senior Ama Championships in Pittsburgh Monday night.

Fifteen bouts were held in the 112, 118, 126, 135 and 160 pound classes, with the finals to be held Wednesday night.

Don Alderson, Pittsburgh Golden Glove lightweight champion, was one of the winners, scoring a two round TKO over Sonny Bodnar of the Ketchell Club.

Arnold Curry, Eddie Miller and Ken Parley were the other key winners.

ELLIOTT STEELERS WIN

The Elliott Steelers girls duckpin team went to Sharon last Saturday night and took a three-game total pin match in the league from the Sharon Buhl Club girls. Captain Rose Mooney had a high single game of 227 and a three game total of 556. Tonight the Elliott travel to Ambridge to bowl a postponed game in the league with the Laris Motors. Friday night Beaver Falls will be here for a league match at the Castle alleys at 9 o'clock.

LEE STOPS MINELLI

PHILADELPHIA, March 16.—(INS)—Bobby Lee, Baltimore Negro, handed Livo Minelli, Italy's welterweight champion, his second defeat in 108 bouts at the Philadelphia Arena last night.

Lee, a substitute for Dorsey Lay, pursued Minelli from the opening bell to the end of the 10-round feature. Each scaled 146½ pounds. The two judges and the referee voted for the Baltimore boxer.

Minelli had won 106 straight fights before suffering his first loss to lightweight champion Ike Williams recently.

Gigantic Atom Energy Program Being Developed

By JAMES LEE
 (U. S. Staff Correspondent)
 WASHINGTON, March 16.—The United States is driving ahead today on a gigantic atomic energy program which makes the two billion dollar wartime project that produced the first atom bombs seem playtime.

Obviously, many phases of the program are top secret. But official announcements of the Atomic Energy commission and disclosures of scientists graphically indicate the enormous significance of the actual work in progress and of America's plans to maintain atomic supremacy.

Developments
 Outstanding developments include:

1. The nation is being crisscrossed with permanent atomic energy installations which are being fed with the output of 3,000 contractors and subcontractors and major suppliers.
2. Atomic bombs are being produced at a fraction of the cost of the original, or Hiroshima-type, weapons and are said to be at least 100 times more powerful than their prototypes.
3. New atomic weapons are being produced from uranium and plutonium. It is believed that some of the weapons may represent an entirely new military application of nuclear fission.
4. Nuclear physicists are studying

ing a new type of fission in which the energy liberated would be 50 per cent greater than that released in the explosion of an atomic bomb.

5. The atomic proving ground on Eniwetok atoll—four years ago a bloody battlefield—is nearing completion and this year will be the scene of highly important tests.

On Scientific Side
 Besides the military applications of atomic energy, vital work is being done on the scientific side. The University of California's giant cyclotron is producing streams of 380 million-volt atomic "bullets," the greatest energies ever controlled by man. The energy is almost twice that released in the fission of a uranium atom.

Two Harvard physicists, Donald H. Menzel and Winfield W. Salisbury, are at work on a new theory on the origin of cosmic rays, whose energies, of course, greatly exceed that produced by nuclear fission.

These are but isolated segments of the tremendous atomic pattern with which America is meeting the challenge of the age of the captured atom.

Scientists are confident that the United States will remain well in the forefront of the world race for mastery of nuclear energy.

High Court Turns Down Marino Appeal

WASHINGTON, March 16.—(INS)—The Supreme court Monday refused to order an Illinois circuit court judge to free Tony Marino, who as an immigrant youth of 18 was convicted and sentenced in 1925 to a life term for murder.

The high court turned down the request of State Attorney General George Barrett who conceded that the state was at fault in convicting Marino without advice of counsel and with the arresting officer acting as his interpreter.

In a decision issued December 23, the supreme court found that Marino had been illegally convicted and directed Illinois to take steps to correct the miscarriage of justice.

Barrett asked Winnebago County Judge William Duscher to order Marino's release but the jurist refused to comply.

Barrett then petitioned the supreme court for a mandamus order to compel Judge Duscher to grant Marino his freedom.
